10 Die In Cleveland Sniping Outbreak

CLEVELAND (AP) — Snipers —shooting from rooftops, windows and behind bushes— launched a reign of terror at dusk Tuesday that left 10 persons dead in a predominantly Negro neighborhood on Cleveland's East Side.

Four of those killed were white, three of them policemen.

Police said two of the victims were Negro snipers.

At least 18 others were hurt, two critically, in the three-hour gun battle with police that shattered the calm of a hot summer night. Scattered arson and looting followed the shooting.

Twenty-four persons were arrested, 17 on looting charges.

It ended, except for scattered gun shots, just before a heavy thundershower about midnight cooled off the steaming streets and dampened some blazes started by firebombs.

Guard Patrols Streets

National Guardsmen and police, armed with rifles, patrolled the area today.

The shooting began, witnesses said, when two Negro snipers "carrying rifles and. . .sacks of ammunition," ran out of an alley, crouched behind bushes and shot three white policemen, the first victims.

Later two snipers were killed. Bayonets, shotgun shells, gas masks and first aid kits were found on the bodies.

One of 11 policemen wounded by gunfire said the shooting started when he and his partner drove a police tow truck into the area to "pick up a piece of junk."

Patrolman William McMillan, 35, hit in the head, chest, abdomen and thigh, told a newsman for WKYC (NBC) radio:

"We were working a police tow truck and went to pick up a piece of junk at 123rd at Beulah Avenue. We just started to pick it up and somebody started shooting at me with a shotgun."

"He hit me about three times," McMillan said. "I started to run around and hide behind the truck. They started shooting up the truck. I got it from all sides. There were two of them with shotguns and one with an automatic weapon."

McMillan said one man walked up to the truck and fired "point blank into the truck. I didn't have a gun. My partner didn't have any either. Why send two truck men on the street without a gun?"

Waves of police, some using Brink's armored trucks, turned the neighborhood into an armed camp.

Tear gas and smoke bombs burst on the sidewalks and against buildings. Officers and some residents became ill from the fumes.

Gov. James A. Rhodes, hosting the National Governors Conference in Cincinnati, left there to return to Columbus and ordered all of the state's 15,250 National Guardsmen to armories.

Guard Sends 4,000

The office of the adjutant general in Columbus immediately committed 4,000 men to Cleveland, the state's biggest city. Its population of more than 800,000 includes about 350,000 Negroes.

Mayor Carl B. Stokes, a Negro who took office last November, appealed to all citizens to "stay home and cooperate with the police."

Stokes described the situation as "bad" but at dawn said it was "controlled."

The trouble started along Lakeview Avenue and spread to other nearby residential and business districts.

Ohio Adj. Gen. Sylvester T. Del Corso, summoned from Akron to command the guardsmen, said "I see some evidence of a plot" involving black nationalists.

Plot Suggested

Witnesses said the snipers appeared to have an organized battle plan. Some used automatic carbines. On the body of one dead sniper was a bandolier of shotgun shells, a gas mask by his side.

The three dead policemen—apparently the first victims in the shootout—were Lt. Leroy Jones, and Patrolmen Louis Golonka and Willard Wolf.

The civilian victims were James Chapman and James Haynes, both Negroes from Cleveland, and Clifford Miller, of Twinsburg, Ohio, who was white.

There was an unidentified Negro at Huron Road Hospital and three more unidentified Negroes at the morgue.

LBJ Backs Viet Policies At Meeting Of Governors

CINCINNATI, Ohio (AP) — President Johnson has declared he will not waver from a Vietnam policy he called just and reasonable, despite "the pressures and strains that come normally in any political year."

The nation's governors who heard that pledge had no plans to attempt to match it with one of their own. The 60th National Governors Conference held its final session today, and the agenda did not touch on Vietnam.

One Democrat who praised the Johnson stand said any attempt to put the conference on record in support of U.S. policy on the war and negotiations would stir dissension which could do more harm than good.

Johnson spent an hour Tuesday night at the conference which has been marked by the political maneuvering by and for candidates to succeed him when he retires from the White House next Jan. 20.

LBJ Cites Viet Stand

Before a black-tie crowd of more than 2,000 persons at the governors' ball, Johnson declared:

"Our nation wants peace, our government wants peace, our men in Vietnam want peace and your President wants peace. Yet some among us seem to feel that I or we alone can bring peace to Vietnam. They seem to ignore the presence and irreconcilability of the enemy."

Johnson said he had promised battleground restraint in announcing he would not run again for the White House, and has kept that promise.

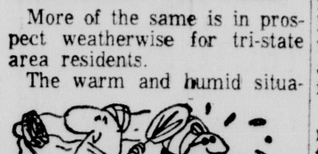
Tri-State Forecast Still Reads The Same

More of the same is in prospect weatherwise for tri-state area residents.

The warm and humid situa-



tion which has been prevailing is due to continue through Thursday, with scattered thundershowers.

Tonight's low will range from the upper 60s to the mid-70s.

'Barriers' To Remain

Bridge Repairs Planned By Highway Department

The Ohio Department of Highways is planning repairs to the Chester Bridge.

Division 11 Deputy Director Levi Kimball said that the planned repairs are of a nature to keep the bridge safe and open to passenger cars in order that area residents can cross to and from their work.

He noted that even after the repairs are carried out the 2½-ton load limit and 7-foot vertical clearance will be maintained.

Kimball said the work will consist of repairs to the stiffening trusses and floor suspension system, as well as rewrapping portions of the main suspension cables.

The Chester Bridge originally was constructed in 1896 for use of streetcars, and due to its age and the traffic for which it was designed, Kimball noted "that it is not feasible to make repairs that will fit the bridge for today's heavy truck traffic." Department engineers feel that major repair of the main suspension cables to allow heavy traffic on the bridge would be impossible, since the entire bridge probably would have to be dismantled in order to place new cables, he said.

Officials of the Ohio Department of Highways feel that under the circumstances the main responsibility is to provide for passenger cars.

North Viet Warned On Saigon Role

Harriman Advises Paris Delegation To Accept S. Viet

By JOHN M. HIGHTOWER
AP Special Correspondent

PARIS (AP) — Ambassador W. Averell Harriman bluntly told North Vietnamese negotiators today that to progress toward peace "you must be prepared to recognize the role" of South Vietnam's government in working out a settlement of the Vietnam war.

Harriman's assertion in the 14th session of the Paris peace talks followed directly on President Johnson's Honolulu meeting with President Nguyen Van Thieu of South Vietnam at the end of last week. North Vietnam regularly denounces the Saigon government as an American "puppet."

Harriman told newsmen he had not seen definitive evidence that the lull in the war around Saigon, which began in mid-June, was finally coming to an end.

But he added: "What is disturbing is that the terrorist actions on theaters around Saigon have started again. People have been killed. I intend to call attention to that." The Viet Cong bombed four theaters in Saigon and nearby towns Sunday, killing 12 Vietnamese and wounding 91.

Peace Appeal Slated

Going into the 14th session of the talks, Harriman said he would present to the North Vietnamese negotiators the appeal issued in Honolulu by President Johnson and President Nguyen Van Thieu "for a peaceful settlement and an end of the violence."

"I intend," he continued, "to point to the violence that is continuing on the part of the Viet Cong, and I hope this will make some impression."

Harriman and his aides are also trying to find out whether North Vietnam is weakening its support for the National Liberation Front and offering Washington a new lure among its terms for a final political settlement in South Vietnam.

U.S. officials think the possibilities of any real change are slight. Thuy has brushed aside suggestions that his government was modifying the statement of its basic position that has stood for more than four years. Nevertheless, new language has been used and U.S. officials think that eventually it could be important.

Politburo Travels Outside Russia For Historical 'First'

PRAGUE (AP) — Unconfirmed reports today said Leonid I. Brezhnev and the rest of the Soviet Communist party Politburo was on its way to Czechoslovakia for its crucial meeting with Prague's new Communist leaders to discuss the latter's controversial democratic reforms.

Departure of the Soviet delegation for the previously announced meeting was reported by the Yugoslav news agency, Tanjug, from Moscow. There was no official confirmation, but rumors of the departure circulated in Moscow.

The trip to Czechoslovakia is the first by the Politburo—steering committee of the Soviet party—outside Russia as a group.

Time, Site Uncertain

The meeting is expected to be held today or Thursday in Slovakia, adjacent to the Soviet Union, but the time and location have not been announced.

Despite new Soviet army maneuvers along its eastern frontier, Czechoslovak officials expressed confidence the Russians would never resort to armed intervention if the country stands united behind Alexander Dubcek's reformist regime.

"The Soviets would lose more than they would gain by a military intervention," one Communist party official said.

"Moscow will have to get used to what is going on here. There can be no turning back the clock. We are not going to compromise and are determined to continue on the present course."

Party officials said they viewed the Soviet note this week demanding a strengthening of Czechoslovakia's border with West Germany, presumably by Red army troops, as "just another step in the war of nerves."

St. Clair, Pay Legislation Slowed By Lone 'No' Vote

Legislation provided by the Ohio Department of Highways to establish the new section of St. Clair Ave. as a two-lane highway instead of three was given first reading by City Council at a special meeting Tuesday night.

Council had hoped to pass the measure on suspension of rules, but failed to get enough favorable votes because one member was absent and Councilman Frank Duffy opposed the measure.

Council also gave second reading to legislation setting the new wages for city employes.

Another special meeting will be held Saturday at 10 a. m. to act on both.

—:—

THE STATE sent the city the legislation establishing St. Clair as a two lane facility, with parking prohibited on both sides. It rescinded previous legislation which would have made it necessary for the installation of an elaborate two - way traffic control system at an estimated cost of $70,000.

McFarland Night Held By Chester Kiwanians

"Robert M. McFarland Night" was observed Tuesday by the Chester Kiwanis Club in City Hall.

McFarland, a charter member, plans to depart Friday with his wife to reside in Charleston, W. Va. Tom Ridge presented him with a gift.

"Mr. Kiwanis", as McFarland is known by fellow club members, spoke briefly. Ridge and a committee were in charge of the program.

Ridge introduced all charter members present, including William Parsons, Eudene Seeley, Russell Davis, Clifford Comm, Earl G. Jackson, Herman Gower, Jerry D'Angelo, Wade Ferguson, Clarence Shenton, Anthony Tridico and himself.

The history of the Chester club was reviewed from its beginning May 18, 1945. Its first sponsored meeting was held in the Chester Masonic Temple, with dinner meetings in the Chester Methodist Church. For the last 18 years the club has been meeting in City Hall.

A rundown of club activities and accomplishments was given. Ridge pointed out that Thursday will mark the 23rd anniversary of the Chester club.

Robert Cooley, president, was in charge. Lloyd Mansfield led singing and William Parsons gave the invocation. Twenty-six attended.

A letter from the West Virginia State Highway Department was read by the president which said the requests concerning the Chester Bridge made by the club have been referred to the Ohio State Highway Department.

Cooley named committees for the fireman's carnival.

The next meeting will be Tuesday when the annual "Bean Hole Dinner" will be held at the home of Mr. and Mrs. Seeley of Lotus Ave.

Governors Weigh McCarthy Challenge To Unit Vote Plan

CINCINNATI, Ohio (AP) — Democratic governors are choosing sides for a convention-time dispute over Sen. Eugene J. McCarthy's challenge to the unit rule, the system which in some states requires all nominating delegates to vote for the candidate favored by a majority.

Governors from the South where that rule of delegation solidarity is widespread, are insisting that it be maintained. Some from the North are talking support for a move to ban the unit rule by vote of the Democratic national convention.

Abolition is the aim of forces favoring Minnesotan McCarthy for the Democratic nomination.

While no governor has endorsed McCarthy for nomination there are signs his forces will have some gubernatorial support in an effort to end the unit rule.

Gov. Samuel Shapiro of Illinois, chairman of the Convention Rules Committee, said he expected the unit rule issue would be a major item to come before his panel.

Shapiro, here for the National Governor Conference, would say only that both sides of both issues will get a full, fair hearing before his panel decides on a course to recommend to the full convention.

At a Cincinnati caucus of Democratic governors, Calvin L. Rampton of Utah was said to have suggested that the state executives support a ban in the unit rule. Sources said Rampton argued this would eliminate a troublesome issue and in the end work to the benefit of Vice President Hubert H. Humphrey, front-running contender for the nomination.

The caucus took no action.

Its new chairman, Gov. Robert E. McNair of South Carolina, said his delegation will vote as a unit at the Chicago nominating convention. He said the South Carolina state convention decided it should be that way, added he does not see how the national convention can over rule that decision.

Glassboro Revisited

The Russians came back to Glassboro this week.

Sixty-two Soviet visitors rode in buses through the calm streets of the South Jersey village and walked about the tree-shaded college campus where President Johnson and Premier Kosygin held their Hollybush talks.

The visitors were officials who had made the first Moscow-to-New York direct flight last week.

The tour was arranged by Pan American World Airways and the Glassboro stop was the airline's idea. Its apparent popularity with the Russians may be significant if Glassboro represents to them a significant step in the drawing together of the two great nations.

To Americans it may be significant if it merely represents the wish for a coming together, on the part of the Russians.

A. V. Besedin, chief of international services of the Soviet Ministry of Civil Aviation and tour chief for the Russian group, said of the tour of Glassboro:

"We are pleased. We enjoy this stop with great pleasure."

A small straw in the wind but a hopeful one. It can be said yet again that if the governments of nations would permit it, the people's they govern could get along one with the other.

Disappearing Act

Some people are beginning to wonder if flying saucer operators have returned to their distant homes.

The reason for the speculation is the fact that reported sightings have fallen off tremendously. The Aerial Phenomenon Office at Wright-Patterson AFB in Dayton says the reports are down 75 per cent and letters are down 90 per cent.

Just for those skeptical of all Air Force information about UFOs, the decrease is confirmed by the National Investigations Committee on Aerial Phenomena.

One editorial writer has wondered if the flying saucermen, after having sized us up, have gone back for reinforcements.

As we see it, they may have decided the earth is in such bad shape they don't want anything to do with it.

Thumbs Down On Gun Control

The "thumbs down" vote registered by the U.S. House of Representatives on President Johnson's gun registration proposal again underscores the deep-seated opposition to such control measures.

The proposal for registering all guns in the nation and licensing of all gun owners was made by the President in the wake of the assassination of Sen. Robert F. Kennedy.

A CRY OF PROTEST went up from across the nation in the wake of the murder of a prominent American and presidential candidate. Committees were formed and letters were written to senators and representatives in Washington — but it wasn't enough.

Somehow it wasn't enough to offset the effort of the anticontrol people. Nothing could be said that would quiet the fears of a great many Americans that their right to bear arms would be abused and registration would be a step toward confiscation.

Too many people were saying only law-abiding citizens would register their guns and the crime rate would not be affected.

Not enough people believed the advantage of having guns kept out of the hands of juveniles and the mentally incompetent and the value of stressing the seriousness of gun ownership through registration outweighed the inconvenience, cost and risk of gun controls.

Although strict gun control measures are dead for this term of Congress, there is hope that other action will be taken to reduce the role of the gun in crime.

House members have approved an amendment that would require mandatory prison sentences for carrying or using a gun while committing a federal felony such as rape, murder or robbery.

The amendment calls for mandatory 1-to-10-year terms for first offense and 5 to 25 years for subsequent offenses. The terms would be in addition to those imposed for the felony.

CONGRESSMAN Delbert Latta, R-Bowling Green, who supports mandatory jail term legislation, says:

"The potential criminal should know that just as sure as he uses a gun in the commission of a crime, he is going to jail when convicted; and, as a consequence, he will not be as likely to use a gun to commit that crime. A system which lets a potential criminal know in advance that he has a chance to 'beat the rap,' even when convicted, just is not the type deterrent needed to reduce crimes involving guns."

If the House approval of long-term mandatory jail sentences is seconded by the Senate, then gun control supporters need not write off the current congressional session as a loss.

To make the effort even more meaningful to Ohio residents, the General Assembly should take steps in 1969 to impose heavy sentences for violent crimes not covered in federal legislation.

She's Only Human

The report that a 15-year-old Filipino girl can read 50,000 words a minute with nearly 100 per cent comprehension taxes the credulity of most of us.

But her teacher in a reading improvement class at Northwestern University says it is a proven fact. In an understatement, she concedes that Maria Teresa Calderon is an "exceptional child."

Maria's ability to scan, absorb and comprehend rivals that of today's computers. One cannot help but marvel at the capacity of the human brain and its potential for development and-or improvement.

Maria would like to read the encyclopedia from A to Z. If all of us could absorb the contents of a set of encyclopedias in the comparatively short time it will take Maria, consider the incredible leap forward in the educational status of the world's literate peoples.

Perhaps scientists should study Maria to see how she does it and what can be done to produce more human beings with her ability.

What About The 'Veep'?

There are periods when political commentators and editors find acute shortages of interesting topics to write about. They then fall back upon a few hardy perennials or, one might say in this case, quadrennials.

When the presidential nominees are all but determined—and they usually are a few weeks before the nominating conventions—speculation returns to possible nominees for vice president.

George Romney, Richard Nixon, Eugene McCarthy, Nelson Rockefeller, Lyndon Johnson and Robert Kennedy provided plenty of surprises and two assassinations gave a lurid glow to the political scene. All of this made for a rich assortment of topical news. But finally there was an end to the unexpected.

IN MORE THAN ONE presidential campaign year in the past, when this question of vice presidential candidates has been brought up, I have taken the trouble to point out a lesson in politics which I learned a long time ago. And now, since I realize that no one long remembers or little notes what is written by a political writer, I venture to repeat that lesson.

I learned it from the late Ed Flynn, boss of the Bronx, the Democratic national chairman in 1940 and the wisest and most influential of all Franklin Roosevelt's strategists for many years.

It was in 1944 when, because of Flynn's advice, Roosevelt had decided to "dump" Henry Wallace from the ticket. As a replacement, Roosevelt had substantially promised the vice presidential nomination to James F. Byrnes who had left the Supreme Court to help the President in the war effort.

At that point Flynn, as he told me later, decided to intervene. He forcefully and even heatedly told the President that if Byrnes were on the ticket he could not hope to carry New York state.

Then, in answer to Roosevelt's request for an alternate, Flynn answered: "The man who will lose you the fewest votes. No candidate for vice president has ever helped the head of the ticket." And so, Harry S. Truman, relatively unknown nationally, was chosen.

After Flynn told me about this, I looked at the record over the years. It was clearly apparent that Flynn was right.

Vice presidential candidates have been chosen for many reasons but I find that until 1960—a quiet definite exception to the rule—none has helped the ticket. Sometimes they have been chosen by pure chance after the nomination of the presidential candidate.

Often geography has had something to do with it. A presidential candidate from the East was joined by somebody from the Midwest or South. Sometimes the office went begging as it did in 1924 when Sen. William Borah and others refused to run and Charles G. Dawes was nominated.

Sometimes a Republican or a Whig who was nominated was joined by a Democrat, as in 1840 and 1864. In 1932 John N. Garner was nominated because of a deal for delegates. In 1900, boss Tom Platet brought about the nomination of Theodore Roosevelt in order to get him out of the state of New York.

But I venture to say that never, except in 1960, did a candidate for the vice presidency help elect the ticket. In many instances he has lost votes for the presidential candidate.

Two "dream tickets" have been the subject of most comment. One was Rockefeller-Reagan. This has been repeatedly rejected by Ronald Reagan no doubt because if he accepted such a nomination he would stultify every principle which he has stood for in his public life.

AND WHY LEAVE the great office of governor of California to be an errand boy for the governor of New York even if that governor should be elected president? Countless thousands of Republicans would turn away from such a partnership and vote for George Wallace or Hubert Humphrey.

Or a Humphrey-Edward Kennedy ticket The young senator would sacrifice a promising future to be the tail of the kite of a man whose views on Vietnam his brother Robert Kennedy vigorously opposed.

The two men who are likely to be nominated for president will not doubt follow a rule created by Nixon himself and followed by Humphrey in the office of vice president. They will be loyal to the President, help in off-year campaigning and be used by the President for miscellaneous chores.

Letter To The Editor

As County Commissioner, I feel that it is my duty and obligation to tell the people of Columbiana County about the present Commissioners attempt to properly appoint a Superintendent and Matron at the County Home.

In March, 1967, circumstances brought about the need of appointing a Superintendent and Matron under Civil Service rules. Accordingly the Board of Commissioners passed a resolution requesting the Ohio Department of State Personnel to hold an examination for the office of Superintendent and Matron at the Columbiana County Home. The examination was held on April 28, 1967, and the Ohio Department of Personnel was able to certify an eligibility list containing only the names of Mr. and Mrs. Robert Boyce.

As to the law governing a Civil Service appointment: Revised Code, section 143.20 provides in part as follows: "The head of a department (County Commissioners in this case) in which a position in the classified service is to be filled shall notify the Director of the State Presonnel of the fact and the Director shall certify to the appointing authority the names and addresses of the three (3) candidates standing highest on the eligibility list, the appointing authority shall notify the Director of such position to be filled and he shall fill such position by appointing one of the three persons certified to him."

Acting according to law the Commissioners asked the State Board of Personnel for another examination and in return received an eligibility list containing the names of Mr. and Mrs. Robert Boyce, Mr. & Mrs. Joseph Mattevi and Mr. & Mrs. William Hiscox; to succeed Mr. & Mrs. Boyce, the provisional appointees presently serving.

The Commissioners thereupon appointed Mr. & Mrs. Joseph Mattevi as Superintendent and Matron respectively, such appointment to be permanent effective August 15, 1967, at noon.

On August 3, 1967, Robert Boyce and Gladys Boyce filed a petition in the Court of Appeals for writ of mandamus against James Boyd, R. Max Gard and Charles J. Gause to show cause before the court why they did not appoint Mr. & Mrs. Robert Boyce. The petition was in error because R. Max Gard is listed as a defendant and yet he voted naye on this appointment.

The Court of Appeals met in Lisbon on March 18, 1968. Our attorney filed a brief or answer with the court and the court promised an answer within 30 days. The attorney for Mr. & Mrs. Boyce did not file their brief until April 25, 1968—one week after the date for the decision. As of this date we have not heard of any decision from the Court.

The Board of Personnel have notified the Board of Commissioners that of the date of May 8, 1968, those that qualified in the first examination are now ineligible for appointment.

Also the Board of Personnel have notified the Board of Commissioners that the eligibility of the remaining couples who qualified in the second examination and did not receive appointment there from will be cancelled effective July 20, 1967.

The appointment of Mr. and Mrs. Joseph Mattevi as permanent Superintendent and Matron has been accepted and approved by the Ohio State Board of Personnel. However, Mr. and Mrs. Boyce will apparently remain in the posts until action by the Court.

The Republican controlled Board of Commissioners is attempting in a lawful and orderly way to operate the County Home in as efficient and respectable a manner as possible. This maneuver is denying the people the kind of government that they voted for.

Confusion Plus

There is more confusion than ever now as to what is meant by "separation of powers" in our constitutional system of government. The two nominees for the Supreme Court of the United States who have just appeared before the Senate Judiciary Committee have refused to answer many questions asked of them concerning past decisions.

Judge Homer Thornberry, who has been nominated by the President to be an associate justice of the Supreme Court, did answer a question about his delay in taking office five years ago even though he had been confirmed by the Senate. His reply leaves an air of mystery.

THUS, MR. THORNBERRY, while serving as a member of the House Rules Committee, was appointed by President Kennedy to become a judge of the U.S. District Court. He was confirmed in July 1963, but he remained in the House of Representatives five months while the White House withheld his commission.

Sen. Robert Griffin, Republican of Michigan, last week called the attention of the Senate Judiciary Committee to reports that the move was "designed to insure Mr. Thornberry's vote on legislative issues during the interim."

Mr. Thornberry now says that he decided to remain a congressman for those five months because he "had the hope Congress would soon adjourn," but that, when it became apparent the session would drag on for the rest of the year, he felt it was his duty to continue serving the people of his district, rather than leave them without representation.

It is not unusual, however, for vacancies in congressional districts to remain unfilled for intervals before special or regular elections are held.

Mr. Thornberry's failure in 1963 to take the oath of office as a federal judge caused the postponement of action on many pieces of litigation and cases then pending in court.

The question is whether the administration or Mr. Thornberry was responsible for the delay. There has never been any explanation as to why the White House held up the commission.

So it appears that the doctrine of "separation of powers" is a bit fuzzy in that a member of Congress can sometimes continue to serve in the legislative branch even though he has been confirmed as a judge of the U.S. District Court.

But when it comes to answering questions about opinions participated in by members of the Supreme Court or of the lower courts, both Justice Fortas and Judge Thornberry took the position that they have a right not to discuss before congressional committees the decisions which they have rendered.

The executive branch of the government, through the Department of Justice, on the other hand, has just taken an unusual step by issuing a memorandum backing up the opinions of Justice Fortas and defending him against the criticisms of his decisions made by members of the Senate Judiciary Committee when he testified last week.

Congress has the power to limit the authority of the Supreme Court as to the jurisdiction of cases that may be handled by the high court. Yet when a congressional committee today seeks to discuss with nominees to the high court the viewpoints of prospective judges, a refusal to testify is supported by an executive department of the present administration.

This is not so much a question of "separation of power" as of "Application of power" by Congrsss. For the legislative body has the right to determine for itself whether a nominee for the federal bench has shown—by his record—the ability, judgment and impartiality necessary to deal fairly with the cases that may come before him.

AS MATTERS STAND today, the nominee for the post of chief justice has conceded that, while serving on the high court during the last three years, he has continued to act as a personal adviser to the President. No "separation of powers" has been recognized in that instance.

So Congress sooner or later will have to define the jurisdiction of the Supreme Court in its interpretations of the Constitution as well as the obligations of its new justices to respect the doctrine of a "separation of powers."

The legislative branch may find it neceessary, moreover, to draw a line prohibiting any participation by members of the judiciary—including the Supreme Court of the United States—in the activities or operation of the executive branch of the government.

Glassboro Revisited

The Russians came back to Glassboro this week.

Sixty-two Soviet visitors rode in buses through the calm streets of the South Jersey village and walked about the tree-shaded college campus where President Johnson and Premier Kosygin held their Hollybush talks.

The visitors were officials who had made the first Moscow-to-New York direct flight last week.

The tour was arranged by Pan American World Airways and the Glassboro stop was the airline's idea. Its apparent popularity with the Russians may be significant if Glassboro represents to them a significant step in the drawing together of the two great nations.

To Americans it may be significant if it merely represents the wish for a coming together, on the part of the Russians.

A. V. Besedin, chief of international services of the Soviet Ministry of Civil Aviation and tour chief for the Russian group, said of the tour of Glassboro:

"We are pleased. We enjoy this stop with great pleasure."

A small straw in the wind but a hopeful one.

It can be said yet again that if the governments of nations would permit it, the people's they govern could get along one with the other.

Disappearing Act

Some people are beginning to wonder if flying saucer operators have returned to their distant homes.

The reason for the speculation is the fact that reported sightings have fallen off tremendously. The Aerial Phenomenon Office at Wright-Patterson AFB in Dayton says the reports are down 75 per cent and letters are down 90 per cent.

Just for those skeptical of all Air Force information about UFOs, the decrease is confirmed by the National Investigations Committee on Aerial Phenomena.

One editorial writer has wondered if the flying saucermen, after having sized us up, have gone back for reinforcements.

As we see it, they may have decided the earth is in such bad shape they don't want anything to do with it.

Thumbs Down On Gun Control

The "thumbs down" vote registered by the U.S. House of Representatives on President Johnson's gun registration proposal again underscores the deep-seated opposition to such control measures.

The proposal for registering all guns in the nation and licensing of all gun owners was made by the President in the wake of the assassination of Sen. Robert F. Kennedy.

A CRY OF PROTEST went up from across the nation in the wake of the murder of a prominent American and presidential candidate. Committees were formed and letters were written to senators and representatives in Washington — but it wasn't enough.

Somehow it wasn't enough to offset the effort of the anticontrol people. Nothing could be said that would quiet the fears of a great many Americans that their right to bear arms would be abused and registration would be a step toward confiscation.

Too many people were saying only law-abiding citizens would register their guns and the crime rate would not be affected.

Not enough people believed the advantage of having guns kept out of the hands of juveniles and the mentally incompetent and the value of stressing the seriousness of gun ownership through registration outweighed the inconvenience, cost and risk of gun controls.

Although strict gun control measures are dead for this term of Congress, there is hope that other action will be taken to reduce the role of the gun in crime.

House members have approved an amendment that would require mandatory prison sentences for carrying or using a gun while committing a federal felony such as rape, murder or robbery.

The amendment calls for mandatory 1-to-10-year terms for first offense and 5 to 25 years for subsequent offenses. The terms would be in addition to those imposed for the felony.

CONGRESSMAN Delbert Latta, R-Bowling Green, who supports mandatory jail term legislation, says:

"The potential criminal should know that just as sure as he uses a gun in the commission of a crime, he is going to jail when convicted; and, as a consequence, he will not be as likely to use a gun to commit that crime. A system which lets a potential criminal know in advance that he has a chance to 'beat the rap,' even when convicted, just is not the type deterrent needed to reduce crimes involving guns."

If the House approval of long-term mandatory jail sentences is seconded by the Senate, then gun control supporters need not write off the current congressional session as a loss.

To make the effort even more meaningful to Ohio residents, the General Assembly should take steps in 1969 to impose heavy sentences for violent crimes not covered in federal legislation.

As County Commissioner, I feel that it is my duty and obligation to tell the people of Columbiana County about the present Commissioners attempt to properly appoint a Superintendent and Matron at the County Home.

In March, 1967, circumstances brought about the need of appointing a Superintendent and Matron under Civil Service rules. The Court of Appeals met in Lisbon on March 18, 1968. Our attorney filed a brief or answer with the court and the court promised an answer within 30 days. The attorney for Mr. & Mrs. Boyce did not file their brief until April 25, 1968—one week after the date for the decision. As of this date we have not heard of any decision from the Court.

Congress has the power to limit the authority of the Supreme Court as to the jurisdiction of cases that may be handled by the high court. Yet when a congressional committee today seeks to discuss with nominees to the high court the viewpoints of prospective judges, a refusal to testify is supported by an executive department of the present administration.

This is not so much a question of "separation of power" as of "Application of power" by Congrsss. For the legislative body has the right to determine for itself whether a nominee for the federal bench has shown—by his record—the ability, judgment and impartiality necessary to deal fairly with the cases that may come before him.

AS MATTERS STAND today, the nominee for the post of chief justice has conceded that, while serving on the high court during the last three years, he has continued to act as a personal adviser to the President. No "separation of powers" has been recognized in that instance.

So Congress sooner or later will have to define the jurisdiction of the Supreme Court in its interpretations of the Constitution as well as the obligations of its new justices to respect the doctrine of a "separation of powers."

The legislative branch may find it neceessary, moreover, to draw a line prohibiting any participation by members of the judiciary—including the Supreme Court of the United States—in the activities or operation of the executive branch of the government.

Boy Hospitalized By 'Blank' Flash

SALEM — A 10-year-old boy is in Salem City Hospital with burns received about 11 a.m. Tuesday when a blank cartridge flash hit him on the back of the right hand.

Sheriff's Deputy Howard Gray investigated after Mr. and Mrs. Steve Yakubek of 1349 Eastview Dr., Salem, took their son Randall to the hospital at 11:20.

The officer said the accident occurred at the home of Mr. and Mrs. Thomas Gbur of 1454 Eastview. Randall and David were alone in the house.

Gray said David took a .22-caliber pistol from a gun cabinet, placed a blank cartridge in the cylinder and pulled the trigger. Randall ran home after being burned. The deputy said doctors operated on Randall's hand to remove powder imbedded in the flesh.

pinned down by the whining bullets urgent radio calls went out for more assistance.

Wounded policemen crawled to cover.

"Get some more cars down here, we can't get to the wounded," were the messages on the police radio. "Get some high powered stuff. . .Some tear gas. . .We need an armored vehicle. . . We're sitting ducks."

Police, returning the fire at snipers holed up in an apartment said they heard shouts, "We'll shoot anything white."

After some fires were started, snipers began shooting at firemen and police ordered the firefighters out of the area.

A supermarket burned down. An apartment house was heavily damaged by uncontrolled flames.

Start Accounts Unclear

There were conflicting stories on how the shooting began.

One report said snipers began shooting at a police vehicle on Lakeview Avenue, hitting the three officers. Another said the policemen had gone to the area to remove an abandoned auto.

The scene of the shootings is five miles east of Cleveland's main public square in the center of the city. It is east of the Hough section where four Negroes were killed in five days of rioting and looting two years ago in another hot July.

The shootings broke out a few blocks south of East 125th Street and Superior Avenue, a center of black nationalist activity.

The nationalist leaders went along with other Negro leaders in a concerted effort to keep the peace in Cleveland last year, when Stokes was running for office.

The mayor worked closely with nationalist leaders to prevent an outbreak of violence after Dr. Martin Luther King Jr. was assassinated last April. Cleveland was one of the few major cities in the nation that escaped racial disturbances at that time.

Violence Spreads

The outburst Tuesday night launched a chain of violence that spread into nearby Negro areas.

There was none of the mob rioting that exploded in the Hough area two years ago, but there was more gunfire, scattered looting of stores and some firebombing. A number of rooftop snipers were reported.

Ohio Mobilizes Guard For Cleveland Duties

COLUMBUS, Ohio (AP)—Ohio mobilized all its Army National Guardsmen and some Air National Guardsmen early today after a police-sniper shootout erupted in Cleveland.

The callup involves 15,250 Army National Guardsmen and about 800 Air National Guardsmen. A state official said it was a precautionary move.

Brig. Gen. Robert H. Canterbury, assistant adjutant general for Army, disclosed the number of troops called and said they were expected to be fully assembled in armories around the state by daybreak.

Some 1,200 guardsmen undergoing summer training at Camp Perry, on Lake Erie west of Cleveland, were ordered into Cleveland. About 950 left the Akron - Canton area for Cleveland, including about 400 on duty in Akron in connection with recent racial disturbances in that city.

Other troops put on duty in Cleveland were from Cleveland area units, making the total committed to the city about 4,000.

John McElroy, an aide to Gov. Rhodes, said the callup was precautionary.

"There has been some spread (of trouble) in Cleveland and the mayor of Cleveland has asked for troops," McElroy said.

Canterbury said after 4,000 troops were committed to Cleveland that "We are prepared to reinforce (those troops) with an additional 2,000 and still maintain security in all sections of the state."

Rhodes Shuts Liquor Stores In Cuyahoga

COLUMBUS, Ohio (AP)—Gov. James A. Rhodes today ordered the Ohio Department of Liquor Control to close all liquor stores in Cuyahoga County because of Cleveland's night of violence.

"Nor are we going to let the totalitarians impose a Communist government of their direction either," the President said. That drew one of only two rounds of applause which came during his address.

Hard Days Seen

"The days we're going through and the days ahead are going to be difficult ones," Johnson said. "But we are determined to press the search for peace even as we resist aggression on the battlefield. We are going to continue to resist the efforts to split our country wide open and divide our citizens."

O'Hara Takes Part In Honor Guard Rite

Delmar T. O'Hara of Wellsville was part of the 138-member "Ohio Commodores" honor guard appointed by Gov. Rhodes to serve President Lyndon Johnson during his visit at the Governors Conference Tuesday night.

The guard, dressed in powder blue coats and formal attire, lined the red carpet and saluted as the President and Mrs. Johnson passed. O'Hara later shook hands with the President and Gov. Nelson Rockefeller of New York.

O'Hara, his wife, two sons, Terry and Timmy, and daughter, Kathy, attended the events during the conference.

guard forces, said in a statement to the official news agency CTK:

"Fears regarding the safety of Czechoslovakia's borders are quite unfounded. The Czechoslovak Socialist Republic has enough strength to safely protect its state border with its capitalist neighbors."

The Soviet note is expected to be a chief topic of discussion at the meeting of the 11-member Soviet Politburo and the 11-man presidium of the Czechoslovak party.

In Moscow, the Soviet Defense Ministry announced Tuesday that "military logistic exercises" are under way in the western Ukraine, which borders on Czechoslovakia, as well as in White Russia, Latvia and the Russian Federation. They are to continue until Aug. 10.

The announcement gave no hint that the maneuvers were connected with Soviet pressure against Czechoslovakia's more liberal course. Nevertheless, there was some thinking in Moscow that the army exercises could provide a cover for any Soviet forces that might be preparing for an invasion of Czechoslovakia if the party talks failed to settle the crisis.

Indonesia Sends Unit To Battle Guerrillas

JAKARTA (AP) — About 1,800 men of the crack Siliwangi Division have been sent to Indonesian Borneo to reinforce troops fighting Communist guerrillas in the jungle, the defense ministry said today.

Fine Levied In Beer Case

William L. Showl, of the Holiday Lounge, Inc., was fined $100 and costs Tuesday by Mayor Harold Ash of Chester on a charge of dispensing beer after the 2 a.m. closing time.

Showl was arrested early Sunday morning following a raid conducted by Mayor Ash, Police Chief Bill Cornell, Patrolman Robert Wilson and Hancock County deputies.

Four others were fined by Ash on traveling violations.

K. W. Hakmiller of Pittsburgh was fined $25 and costs for failure to have his vehicle under control. He was arrested following a three - car collision in Chester Sunday.

Robert Francis Miller of New Cumberland RD 2 was fined $10 and costs for no inspection sticker and Gloria Jean Fox of Newell was assessed $5 and costs for failure to halt at a stop sign.

John Henry Swords of Hookstown forfeited $17.50 on a charge of driving left of center.

Council

the legislation was not presented through him as chairman of the ordinance committee. He said he wanted the same consideration given other chairmen and did not want to be "ignored."

Councilman Ed Massey, street and light chairman, pointed out this is a concession the city and Council has been attempting to obtain from the state and federal agencies for some time.

The city is not financially able to erect the necessary lights governing an inbound and outbound flow of traffic on a three-lane section, he said. Mayor George Willshaw also said failure to enact the legislation quickly was "very unfair."

Councilman Floyd Murray was absent. Other councilmen attempted to get Duffy to change his mind, but to no avail.

—:—

NORMAN BUCHER, council president, said this is what the residents of St. Clair have been working to obtain. He cited the efforts of Ralph Musuraca who wrote to Rep. Wayne L. Hays seeking to have the federal agency relinquish its ruling for the lighting system. Hays in turn contacted Lowell Bridwell, federal highway administrator.

Auditor Lawrence J. Zollinger informed Council if the wage increase legislation is not adopted this week, the city employes will not receive the money Aug. 5.

Zollinger said he already has started working out a payroll for the retroactive pay to July 1, but if no action is taken, it will delay the payments and mean setting up another payroll.

Following the meeting, members of Council met with the Board of Education relative to the disposition of at least three buildings which no longer will be used when he new schools are opened in the fall.

The Ohio Highway Department also is cooperating with the city of East Liverpool in selecting a consultant to upgrade the East Liverpool arterial highway study that was made in 1955 by Michael Baker. This consultant will cooperate with the West Virginia consultant on the location for a new bridge.

Thefts Investigated From House Trailer

LISBON — Sheriff's deputies are investigating the burglary of a three - room house trailer between 3 and 9 p. m. Monday on McCormick Run Rd. near West Beaver Church in Madison Township.

Denzil Conger, owner, told Deputy Dan Gartland he found a door had been pried open when he returned home. Taken were two fishing rods and a spinning reel and a 6-inch power saw. Conger said the total value was about $85.

The average number of years of school completed by Americans 25 years old and over is approximately 12, compared to about eight in 1940, according to the Encyclopaedia Britannica.

Start Accounts Unclear

There were conflicting stories on how the shooting began.

One report said snipers began shooting at a police vehicle on Lakeview Avenue, hitting the three officers. Another said the policemen had gone to the area to remove an abandoned auto.

The scene of the shootings is five miles east of Cleveland's main public square in the center of the city. It is east of the Hough section where four Negroes were killed in five days of rioting and looting two years ago in another hot July.

The shootings broke out a few blocks south of East 125th Street and Superior Avenue, a center of black nationalist activity.

The nationalist leaders went along with other Negro leaders in a concerted effort to keep the peace in Cleveland last year, when Stokes was running for office.

The mayor worked closely with nationalist leaders to prevent an outbreak of violence after Dr. Martin Luther King Jr. was assassinated last April. Cleveland was one of the few major cities in the nation that escaped racial disturbances at that time.

Violence Spreads

The outburst Tuesday night launched a chain of violence that spread into nearby Negro areas.

There was none of the mob rioting that exploded in the Hough area two years ago, but there was more gunfire, scattered looting of stores and some firebombing. A number of rooftop snipers were reported.

Ohio Mobilizes Guard For Cleveland Duties

COLUMBUS, Ohio (AP)—Ohio mobilized all its Army National Guardsmen and some Air National Guardsmen early today after a police-sniper shootout erupted in Cleveland.

The callup involves 15,250 Army National Guardsmen and about 800 Air National Guardsmen. A state official said it was a precautionary move.

Brig. Gen. Robert H. Canterbury, assistant adjutant general for Army, disclosed the number of troops called and said they were expected to be fully assembled in armories around the state by daybreak.

Some 1,200 guardsmen undergoing summer training at Camp Perry, on Lake Erie west of Cleveland, were ordered into Cleveland. About 950 left the Akron - Canton area for Cleveland, including about 400 on duty in Akron in connection with recent racial disturbances in that city.

Other troops put on duty in Cleveland were from Cleveland area units, making the total committed to the city about 4,000.

John McElroy, an aide to Gov. Rhodes, said the callup was precautionary.

"There has been some spread (of trouble) in Cleveland and the mayor of Cleveland has asked for troops," McElroy said.

Canterbury said after 4,000 troops were committed to Cleveland that "We are prepared to reinforce (those troops) with an additional 2,000 and still maintain security in all sections of the state."

Rhodes Shuts Liquor Stores In Cuyahoga

COLUMBUS, Ohio (AP)—Gov. James A. Rhodes today ordered the Ohio Department of Liquor Control to close all liquor stores in Cuyahoga County because of Cleveland's night of violence.

Rhodes returned to Columbus early today from the National Governors Conference in Cincinnati. He did not plan to return to the conference, which closes today.

as honor and safety permit us to go," he said. "But we are not going to impose a coalition government—or any kind of government—on the people of South Vietnam.

"Nor are we going to let the totalitarians impose a Communist government of their direction either," the President said. That drew one of only two rounds of applause which came during his address.

Hard Days Seen

"The days we're going through and the days ahead are going to be difficult ones," Johnson said. "But we are determined to press the search for peace even as we resist aggression on the battlefield. We are going to continue to resist the efforts to split our country wide open and divide our citizens."

O'Hara Takes Part In Honor Guard Rite

Delmar T. O'Hara of Wellsville was part of the 138-member "Ohio Commodores" honor guard appointed by Gov. Rhodes to serve President Lyndon Johnson during his visit at the Governors Conference Tuesday night.

The guard, dressed in powder blue coats and formal attire, lined the red carpet and saluted as the President and Mrs. Johnson passed. O'Hara later shook hands with the President and Gov. Nelson Rockefeller of New York.

O'Hara, his wife, two sons, Terry and Timmy, and daughter, Kathy, attended the events during the conference.

guard forces, said in a statement to the official news agency CTK:

"Fears regarding the safety of Czechoslovakia's borders are quite unfounded. The Czechoslovak Socialist Republic has enough strength to safely protect its state border with its capitalist neighbors."

The Soviet note is expected to be a chief topic of discussion at the meeting of the 11-member Soviet Politburo and the 11-man presidium of the Czechoslovak party.

In Moscow, the Soviet Defense Ministry announced Tuesday that "military logistic exercises" are under way in the western Ukraine, which borders on Czechoslovakia, as well as in White Russia, Latvia and the Russian Federation. They are to continue until Aug. 10.

The announcement gave no hint that the maneuvers were connected with Soviet pressure against Czechoslovakia's more liberal course. Nevertheless, there was some thinking in Moscow that the army exercises could provide a cover for any Soviet forces that might be preparing for an invasion of Czechoslovakia if the party talks failed to settle the crisis.

Indonesia Sends Unit To Battle Guerrillas

JAKARTA (AP) — About 1,800 men of the crack Siliwangi Division have been sent to Indonesian Borneo to reinforce troops fighting Communist guerrillas in the jungle, the defense ministry said today.

The ministry said the army hopes to wipe out the "Sarawak Peoples Guerrilla Army" before the end of the year. There are now an estimated 7,000 government troops in the territory.

Fine Levied In Beer Case

William L. Showl, of the Holiday Lounge, Inc., was fined $100 and costs Tuesday by Mayor Harold Ash of Chester on a charge of dispensing beer after the 2 a.m. closing time.

Showl was arrested early Sunday morning following a raid conducted by Mayor Ash, Police Chief Bill Cornell, Patrolman Robert Wilson and Hancock County deputies.

Four others were fined by Ash on traveling violations.

K. W. Hakmiller of Pittsburgh was fined $25 and costs for failure to have his vehicle under control. He was arrested following a three - car collision in Chester Sunday.

Robert Francis Miller of New Cumberland RD 2 was fined $10 and costs for no inspection sticker and Gloria Jean Fox of Newell was assessed $5 and costs for failure to halt at a stop sign.

John Henry Swords of Hookstown forfeited $17.50 on a charge of driving left of center.

Council

(Continued from Page 1)

the legislation was not presented through him as chairman of the ordinance committee. He said he wanted the same consideration given other chairmen and did not want to be "ignored."

Councilman Ed Massey, street and light chairman, pointed out this is a concession the city and Council has been attempting to obtain from the state and federal agencies for some time.

The city is not financially able to erect the necessary lights governing an inbound and outbound flow of traffic on a three-lane section, he said. Mayor George Willshaw also said failure to enact the legislation quickly was "very unfair."

Councilman Floyd Murray was absent. Other councilmen attempted to get Duffy to change his mind, but to no avail.

NORMAN BUCHER, council president, said this is what the residents of St. Clair have been working to obtain. He cited the efforts of Ralph Musuraca who wrote to Rep. Wayne L. Hays seeking to have the federal agency relinquish its ruling for the lighting system. Hays in turn contacted Lowell Bridwell, federal highway administrator.

Auditor Lawrence J. Zollinger informed Council if the wage increase legislation is not adopted this week, the city employes will not receive the money Aug. 5.

Zollinger said he already has started working out a payroll for the retroactive pay to July 1, but if no action is taken, it will delay the payments and mean setting up another payroll.

Following the meeting, members of Council met with the Board of Education relative to the disposition of at least three buildings which no longer will be used when he new schools are opened in the fall.

Bridge

has retained a consultant to make a feasibility study for a new bridge in the area. The Ohio Department of Highways, according to Kimball, will cooperate in every way legally possible with West Virginia.

The Ohio Highway Department also is cooperating with the city of East Liverpool in selecting a consultant to upgrade the East Liverpool arterial highway study that was made in 1955 by Michael Baker. This consultant will cooperate with the West Virginia consultant on the location for a new bridge.

The average number of years of school completed by Americans 25 years old and over is approximately 12, compared to about eight in 1940, according to the Encyclopaedia Britannica.

Wellsville OK's Vote Upon Levy

Acting under suspension of rules, Wellsville Council at a special meeting Tuesday night approved a resolution to place a 2-mill levy on the November ballot to raise funds for a new fire truck.

Action was completed when the legislation received six "yes" votes — those of Councilmen Russell Keefer, Paul Todd, Glenn Mathess, Nunzio Lombardozzi, Jack Call and Brad Phillips. Robert Taggart voted "no," as he had done on first reading, again pointing out that he desired to know more about the cost and the type of apparatus involved.

—:—

HE COMMENTED that Fire Chief Robert Lewis had promised that he or another representative of the department would be on hand last night to present details, but failed to appear.

The levy would be in effect for two years.

Action was tabled until the Aug. 6 meeting on a resolution calling for the purchase of radar equipment. The resolution had been passed on first reading at the previous session.

Legislation was ordered in relative to urban - community transportation service in cooperation with East Liverpool.

Keefer reported on a request for firemen to sound the siren as a curfew "because so many young children have been on the streets late at night."

—:—

WAYNE ROSE, council president, read the curfew ordinance from the 1955 recodified measures. Members agreed that the public should be made aware of the contents of the legislation and of the penalties for its violation. It reads as follows: "It shall be unlawful for any child to be on the streets after 9 p.m. and for any teen-ager 16 or younger to be out after 10 p.m. any week day, except Friday and Saturday, when the hours are 11 and midnight, unless accompanied by a parent or a guardian. They also may not be on the streets before 6 a. m. the next day."

Any child found in violation of provisions of the ordinance shall be taken to the City Hall or fire station and their parents or guardian notified. Any child found in violation of the ordinance who previously has been held by authorities on the same charge shall be taken before juvenile authorities at Lisbon.

Parents will be warned for the first offense and for the second offense will be fined "no less than $10 and no more than $25."

Retiring Red Cross Head Honored At Dinner Here

Board members, volunteer workers and friends of the East Liverpool Area Chapter of the American Red Cross honored their retiring executive secretary, Mary Catherine (Kitty) Brady, at an appreciation banquet Tuesday at 6:30 p. m. at the First Methodist Church.

She also participated in the 1967 United Fund drive as its publicity chairman.

Chapter Chairman Charles Lang described Miss Brady as one of the most dedicated persons he has ever had the pleasure of knowing." He said "her presence in the community will be greatly missed by many."

Albania Expells Eight Bulgarians

VIENNA (AP) — The Bulgarian ambassador, six embassy officials and a journalist of the Bulgarian news agency BTA have been expelled from Albania for "hostile activities," the Albanian Radio reported today.

Presumably the expulsion was in retaliation for the earlier expulsion of the Albanian ambassador and five embassy officials from Bulgaria. They were charged with having incited citizens to carry out anitstate activities."

The broadcast from Tirana, the Albanian capital, rejected this charge and said it was only pretence to divert the "Bulgarian people's attention from the serious situation in the country."

The Bulgarian news agency had said despite the expulsion of the Albanian diplomats, diplomatic ties between the two countries would not be broken. Albania goes all the way with Red China in the feud between Peking and Moscow.

Church Places Funds In 3 Minority Banks

LOS ANGELES (AP) — The Episcopal Church has deposited $675,000 in 45 banking institutions in low-income areas of the United States, a church official says.

The Rev. Canon Nicholas Kouletsis of the Los Angeles Episcopal Diocese disclosed Tuesday the church's executive council has re-invested $45,000 in three minority-group banks and savings and loans associations in Los Angeles.

Canon Kouletsis said the church hopes to allow banks in Negro or Mexican-American sections to increase capital for business and home loans to people in their communities.

"My black friends tell me that putting money in black banks has done more good for them than all the preaching we've done in years," he said.

Plans Shaped By Club Here

Plans for the forthcoming season were outlined when the program committee of the Quota Club met Tuesday night at the home of the chairman, Mrs. Juanita Clendenning of Harding Ave.

The program will highlight various aspects of the state in conjunction with last year's theme on the community level. Mrs. Clendenning named chairmen for the monthly events.

Miss Selma Ladzinske, president, reported on the 47th annual international convention at Kansas City, Mo. She renewed acquaintances with Mrs. Lila Belle Brooks, former member now residing at Houston, Tex., and Mrs. Marian Hooper of Baltimore, former executive director of the local Red Cross chapter.

Mrs. Charlotte Shaffer, representing the 6th District of which the local club is a member, was elected third vice president of Quota International, Inc.

The annual picnic will be held Aug. 13 at Turkanna Farms, with Mrs. Rebecca Turk hostess. Mrs. Margaret Locke will report on the Pottery Festival. The reservation committee will have charge of arrangements.

Attending the session were committee members, Miss Gladys DeBolt, Mrs. Mildred Dawson and Mrs. Clara Hall, and Mrs. Locke, program chairman for the last season.

Refreshments were served by the hostess, assisted by her daughter, Miss Linda Clendenning.

Lanvin Features New Fabrics And Rich Embroidery

PARIS (AP) — Jeanne Lanvin's winter collection is beautifully styled, featuring new fabrics with rich, glittering embroidery reminiscent of the Italian and French Renaissance.

His new silhouette concentrates on the Japanese judo tunic which is treated for day in Paris black and for evening in plain or novelty fabrics.

Jules Francois Crahay, Lanvin's designer, resorts to variations of the tunics as styled wrap-around sheaths. Most are fringed, and there is a wide choice of fringes in cocktail and evening clothes.

Many of these simple, clinging sheaths show a Persian influence and are decorated in Koran embroideries.

Nearly all models for afternoon wear are cluttered with multiple, jewel chains, some reaching almost to the floor-length hemlines.

Wellsville OK's Vote Upon Levy

Acting under suspension of rules, Wellsville Council at a special meeting Tuesday night approved a resolution to place a 2-mill levy on the November ballot to raise funds for a new fire truck.

Action was completed when the legislation received six "yes" votes — those of Councilmen Russell Keefer, Paul Todd, Glenn Mathess, Nunzio Lombardozzi, Jack Call and Brad Phillips. Robert Taggart voted "no," as he had done on first reading, again pointing out that he desired to know more about the cost and the type of apparatus involved.

—:—

HE COMMENTED that Fire Chief Robert Lewis had promised that he or another representative of the department would be on hand last night to present details, but failed to appear.

The levy would be in effect for two years.

Action was tabled until the Aug. 6 meeting on a resolution calling for the purchase of radar equipment. The resolution had been passed on first reading at the previous session.

Legislation was ordered in relative to urban - community transportation service in cooperation with East Liverpool.

Keefer reported on a request for firemen to sound the siren as a curfew "because so many young children have been on the streets late at night."

—:—

WAYNE ROSE, council president, read the curfew ordinance from the 1955 recodified measures. Members agreed that the public should be made aware of the contents of the legislation and of the penalties for its violation. It reads as follows: "It shall be unlawful for any child to be on the streets after 9 p.m. and for any teen-ager 16 or younger to be out after 10 p.m. any week day, except Friday and Saturday, when the hours are 11 and midnight, unless accompanied by a parent or a guardian. They also may not be on the streets before 6 a. m. the next day."

Any child found in violation of provisions of the ordinance shall be taken to the City Hall or fire station and their parents or guardian notified. Any child found in violation of the ordinance who previously has been held by authorities on the same charge shall be taken before juvenile authorities at Lisbon.

Parents will be warned for the first offense and for the second offense will be fined "no less than $10 and no more than $25."

Albania Expells Eight Bulgarians

VIENNA (AP) — The Bulgarian ambassador, six embassy officials and a journalist of the Bulgarian news agency BTA have been expelled from Albania for "hostile activities," the Albanian Radio reported today.

Presumably the expulsion was in retaliation for the earlier expulsion of the Albanian ambassador and five embassy officials from Bulgaria. They were charged with having incited citizens to carry out anitstate activities."

The broadcast from Tirana, the Albanian capital, rejected this charge and said it was only pretence to divert the "Bulgarian people's attention from the serious situation in the country."

The Bulgarian news agency had said despite the expulsion of the Albanian diplomats, diplomatic ties between the two countries would not be broken. Albania goes all the way with Red China in the feud between Peking and Moscow.

Arrests

(Continued from Page 1)

liem Tice apprehended the two boys.

Questioned by Tice and Police Detective William Devon, the two admitted their part in the theft and told the officers the ware was hidden in a private home in Newell.

John Kass of 909 Vine St., the owner, identified the articles and police said it took two hours to pack the ware for return.

Charged at Lisbon was James Lee Spurlock, 20, of 113 Harrison St., Newell.

Spurlock was taken into custody here this morning. He is being held in city jail, awaiting transfer to the County Jail at Lisbon.

Hearings have been set for Aug. 6 at 9 a.m. in Juvenile Court at Lisbon for the two boys.

Articles stolen from Patterson Field Stadium late Monday or early Tuesday were found yesterday in the weeds at the end of Moore St.

The thieves broke into the stadium and then broke the lock from a work cabinet inside. They removed a set of keys and miscellaneous tools, including socket wrenches, and a new gasoline engine and tires for a paint sprayer.

They apparently were hauled away in a wheelbarrow, which was found in weeds behind the stadium. Patrolman Jerry Adkins made the initial investigation and then referred the case to Devon.

The front glass door at the Silver Star Cafe at 533 Mulberry St. was smashed with a brick in a burglary there between 3 and 5 a.m. today.

Patrolman Clyde Dillon said none of the liquor on the shelves or in the stock appeared to have been touched.

The burglar ransacked the area behind the bar, removing some $250 in cash hidden in various cigar boxes. The burglar then left by the rear door. The cafe is owned by Paul V. Jones.

Kelly And Cohen Open New Store In Calcutta Plaza

Kelly & Cohen, Inc., Pittsburgh-based chain of appliance, television and stereo retail stores, today opened its new store in St. Clair Plaza.

Frank J. Pizzuto, president of Kelly & Cohen, a subsidiary of the Shoe Corporation of America, and James Sachs, district manager for Ohio, explained for a number of years Kelly & Cohen has operated the appliance department in the Hills Department Store, also a subsidiary of Shoe Corporation of America, in the St. Clair Plaza.

"Although we have established ourselves in the East Liverpool trading area through our association with Hills, their growth and our growth now require Kelly & Cohen to seek larger space outside the Hills store," said Pizzuto.

"The policy of handling brand name merchandise, selection and service identified with Hills Department Stores is also Kelly & Cohen's policy, and will be continued," he said. Customers will be notified by letter that all product and service warranties with Hills will be honored by Kelly & Cohen in their new location.

The new store will have 5,000 square feet of space. It will be the most modern and the most thoroughly equipped Kelly & Cohen unit in the 24-store chain which operates in Western Pennsylvania, the Youngstown area and upstate New York.

Paul Lucas, a lifetime resident of East Liverpool who has been the manager of the appliance department in Hills, becomes manager of the St. Clair Plaza Unit.

Assisting Lucas will be George Buchheit and David Wilson, both sales representatives with Kelly & Cohen for some time.

Sachs explained that the new East Liverpool store will give the people the largest selection of brand appliances, stereos and televisions in the entire area under one roof. He explained the exclusive 30 - day price protection guarantee is part of store policy, and the Kelly & Cohen 24 to 48 hour service on appliances will be the rule in the new location.

Not A Merger

UAW, Teamsters Form Social Problem Alliance

CHICAGO (AP) — The nation's two largest labor unions have announced formation of an alliance to tackle tough social problems and free the labor movement from "old attitudes and habits."

Officials of the United Auto Workers and the Teamsters stressed Tuesday that formation of the Alliance for Labor Action does not constitute a merger of the two organizations.

The announcement was made jointly at a news conference by Walter P. Reuther, president of the 1.6-million-member UAW, and Frank Fitzsimmons, general vice president of the 1.8 million Teamsters whose president, James R. Hoffa, is serving a federal prison term.

Teamwork Cited

"In this time of crisis, dynamic and responsible labor organizations must contribute leadership and provide teamwork toward the continual advance ... of working people and must work together ... to find answers to the urgent problems of the whole of our society," a statement released at a news conference said.

Neither union is a member of the AFL-CIO. The Teamsters were dismissed from the AFL-CIO in 1957 and the UAW disaffiliated July 1.

The union spokesmen termed formation of the ALA "the most important labor development in recent years. The two unions will begin to organize unorganized workers, especially agriculture workers, and will push into social areas in which the UAW pioneered."

"The labor movement is at a crossroad," the statement said ... it must free itself of old attitudes and habits and demonstrate the willingness, the capability and the commitment to make fundamental changes in its policies that respond to the realities of a swiftly changing world."

Others Invited

Other organizations are invited to join the ALA, Reuther and Fitzsimmons said. A naitonal conference of organization members will be convened early in 1969.

The step into the fields of social action and civil rights is a new one for the Teamsters who have been conservaitves in the labor movement.

Reuther and Fitzsimmons said the ALA priorities include strengthening collective bargaining procedures, building up an emergency defense fund for use in labor disputes and formation of community unions to work for the poor and dealing with the critical social problems of the day."

Reuther said the ALA would not endorse any presidential candidate in 1968.

Fitzsimmons said: "We will endorse other candidates who meet the principles and aims of the ALA without regard to party."

Amendments Rejected

House Action Expected For Curb On Rifle Sales

By TOM SEPPY
Associated Pess rWriter

WASHINGTON (AP)—A leading congressional supporter of gun control legislation predicts the House will approve President Johnson's embattled proposal to restrict the sale of rifles, shotguns and ammunition.

The prediction was made by Judiciary Chairman Emanuel Celler, D-N.Y., after the House spent seven hours Tuesday wading through amendments to ready a measure for today's expected final vote.

Celler's opposite number in the Senate, Judiciary Chairman James O. Eastland, D-Miss., declared his opposition to a similar bill called up for simultaneous action in his committee.

"I hope the committee will kill all the gun bills," Eastland said.

NRA Proposal

Among the amendments tacked onto the bill Tuesday was one proposed by the National Rifle Association, a prime enemy of stiffer gun laws.

Sponsored by Rep. Robert L. F. Sikes, D-Fla., it would exempt the National Board for Promotion of Rifle Practice from the prohibition of interstate shipment of firearms and ammunition.

The board, a military-civilian governing body, works closely with the NRA in the holding of rifle and pistol matches.

Sikes, a lifetime member of the NRA, said, "We can live with the bill the way it is."

Another amendment, sponsored by Rep. John D. Dingell, D-Mich., also an opponent of gun controls, would permit licensed gun collectors who deal in guns as relics and curios to buy and sell firearms across state lines.

"Under this amendment any self-styled collector could acquire firearms through the mail," argued Celler. He said this was a dangerous loophole.

The House also adopted an amendment that for all practical purposes would leave only ammunition for pistols and revolvers prohibited from sale through the mails.

Prison Term Rejected

The House rejected an attempt to require the states to give mandatory prison sentences to persons convicted of using a firearm in the commission of any felony. Last Friday, the body adopted an amendment requiring mandatory sentences for persons convicted of a crime while using a firearm in the commission of a federal felony.

Regardless of what form a gun control bill finally takes if and when it emerges from Congress, one thing seems certain at this point: There will be no provsions for the licensing and registration asked by Johnson after he first pressed Congress for a ban on interstate mail-order sales of rifles and shotguns and over-the-counter sales of long guns to residents of nonadjacent states.

Johnson also asked for bans on sales of ammunition and on sales of all guns to people under 18.

Officers Arrest Man With Gun At Governors Talks

CINCINNATI (AP) — A Cincinnatian, arrested with a loaded 22-caliber pistol in his possession in the hotel headquarters of the National Governors Conference, was released on $1,000 bond Tuesday night.

Thomas Andrew McKeown, 20, was arrested Tuesday afternon in the Sheraton - Gibson lobby when a security guard of Gov. Lester Maddox of Georgia discovered he was carrying the six-shot pistol.

McKeown was charged with carrying a concealed weapon. He reportedly is an avid fan of Maddox, who appeared unperturbed about the incident.

Maddox, who later called a news conference to speak out against federal gun control measures, said, "I've been advised this man intended no harm."

McKeown lives with his grandmother, Conseta Schweitzer, who said he had recently been treated at a mental hospital here. McKeown told police he had been an outpatient.

Vietnamese foreign ministry last week summarized Hanoi's four-point plan for ending the war, including first, withdrawal of all U.S. forces; second, neutralization of North and South Vietnam; and fourth the final decision on unification of the North and South to be made on the principle of "self-determination."

The third point was the one which received fresh treatment. It called for "the right of self-determination for the people of South Vietnam in the settlement of their own affairs." Previously this point specified that the South Vietnamese people would settle their own affairs "in accordance with the program of the South Vietnam National Liberation Front," the political arm of the Viet Cong. U.S. officials always said they could not accept that condition because it would mean acceptance of the Communist program for South Vietnam.

Hanoi Backs Alliance

Early this year a new organization which claimed to include non-Communist elements, the Alliance of National, Democratic and Peace Forces of Vietnam, was launched with acclaim from Hanoi. North Vietnam stopped calling the Liberation Front the "sole" representative of the South Vietnamese people and began calling it the "authentic representative." Some U.S. officials believe that elimination of the reference to the Liberation Front's program in Hanoi's new statement of its four points could be another maneuver to make space for the alliance.

Arrests

(Continued from Page 1)

liem Tice apprehended the two boys.

Questioned by Tice and Police Detective William Devon, the two admitted their part in the theft and told the officers the ware was hidden in a private home in Newell.

John Kass of 909 Vine St., the owner, identified the articles and police said it took two hours to pack the ware for return.

Charged at Lisbon was James Lee Spurlock, 20, of 113 Harrison St., Newell.

Spurlock was taken into custody here this morning. He is being held in city jail, awaiting transfer to the County Jail at Lisbon.

Hearings have been set for Aug. 6 at 9 a.m. in Juvenile Court at Lisbon for the two boys.

Articles stolen from Patterson Field Stadium late Monday or early Tuesday were found yesterday in the weeds at the end of Moore St.

The thieves broke into the stadium and then broke the lock from a work cabinet inside. They removed a set of keys and miscellaneous tools, including socket wrenches, and a new gasoline engine and tires for a paint sprayer.

They apparently were hauled away in a wheelbarrow, which was found in weeds behind the stadium. Patrolman Jerry Adkins made the initial investigation and then referred the case to Devon.

The front glass door at the Silver Star Cafe at 533 Mulberry St. was smashed with a brick in a burglary there between 3 and 5 a.m. today.

Patrolman Clyde Dillon said none of the liquor on the shelves or in the stock appeared to have been touched.

The burglar ransacked the area behind the bar, removing some $250 in cash hidden in various cigar boxes. The burglar then left by the rear door. The cafe is owned by Paul V. Jones.

Kelly And Cohen Open New Store In Calcutta Plaza

Kelly & Cohen, Inc., Pittsburgh-based chain of appliance, television and stereo retail stores, today opened its new store in St. Clair Plaza.

Frank J. Pizzuto, president of Kelly & Cohen, a subsidiary of the Shoe Corporation of America, and James Sachs, district manager for Ohio, explained for a number of years Kelly & Cohen has operated the appliance department in the Hills Department Store, also a subsidiary of Shoe Corporation of America, in the St. Clair Plaza.

"Although we have established ourselves in the East Liverpool trading area through our association with Hills, their growth and our growth now require Kelly & Cohen to seek larger space outside the Hills store," said Pizzuto.

"The policy of handling brand name merchandise, selection and service identified with Hills Department Stores is also Kelly & Cohen's policy, and will be continued," he said. Customers will be notified by letter that all product and service warranties with Hills will be honored by Kelly & Cohen in their new location.

The new store will have 5,000 square feet of space. It will be the most modern and the most thoroughly equipped Kelly & Cohen unit in the 24-store chain which operates in Western Pennsylvania, the Youngstown area and upstate New York.

Paul Lucas, a lifetime resident of East Liverpool who has been the manager of the appliance department in Hills, becomes manager of the St. Clair Plaza Unit.

Assisting Lucas will be George Buchheit and David Wilson, both sales representatives with Kelly & Cohen for some time.

Sachs explained that the new East Liverpool store will give the people the largest selection of brand appliances, stereos and televisions in the entire area under one roof. He explained the exclusive 30 - day price protection guarantee is part of store policy, and the Kelly & Cohen 24 to 48 hour service on appliances will be the rule in the new location.

Not A Merger

UAW, Teamsters Form Social Problem Alliance

CHICAGO (AP) — The nation's two largest labor unions have announced formation of an alliance to tackle tough social problems and free the labor movement from "old attitudes and habits."

Officials of the United Auto Workers and the Teamsters stressed Tuesday that formation of the Alliance for Labor Action does not constitute a merger of the two organizations.

The announcement was made jointly at a news conference by Walter P. Reuther, president of the 1.6-million-member UAW, and Frank Fitzsimmons, general vice president of the 1.8 million Teamsters whose president, James R. Hoffa, is serving a federal prison term.

Teamwork Cited

"In this time of crisis, dynamic and responsible labor organizations must contribute leadership and provide teamwork toward the continual advance ... of working people and must work together ... to find answers to the urgent problems of the whole of our society," a statement released at a news conference said.

Neither union is a member of the AFL-CIO. The Teamsters were dismissed from the AFL-CIO in 1957 and the UAW disaffiliated July 1.

The union spokesmen termed formation of the ALA "the most important labor development in recent years. The two unions will begin to organize unorganized workers, especially agriculture workers, and will push into social areas in which the UAW pioneered."

"The labor movement is at a crossroad," the statement said ... it must free itself of old attitudes and habits and demonstrate the willingness, the capability and the commitment to make fundamental changes in its policies that respond to the realities of a swiftly changing world."

Others Invited

Other organizations are invited to join the ALA, Reuther and Fitzsimmons said. A national conference of organization members will be convened early in 1969.

The step into the fields of social action and civil rights is a new one for the Teamsters who have been conservaitves in the labor movement.

Reuther and Fitzsimmons said the ALA priorities include strengthening collective bargaining procedures, building up an emergency defense fund for use in labor disputes and formation of community unions to work for the poor and dealing with the critical social problems of the day."

Reuther said the ALA would not endorse any presidential candidate in 1968.

Fitzsimmons said: "We will endorse other candidates who meet the principles and aims of the ALA without regard to party."

Amendments Rejected

House Action Expected For Curb On Rifle Sales

By TOM SEPPY
Associated Pess rWriter

WASHINGTON (AP)—A leading congressional supporter of gun control legislation predicts the House will approve President Johnson's embattled proposal to restrict the sale of rifles, shotguns and ammunition.

The prediction was made by Judiciary Chairman Emanuel Celler, D-N.Y., after the House spent seven hours Tuesday wading through amendments to ready a measure for today's expected final vote.

Celler's opposite number in the Senate, Judiciary Chairman James O. Eastland, D-Miss., declared his opposition to a similar bill called up for simultaneous action in his committee.

"I hope the committee will kill all the gun bills," Eastland said.

NRA Proposal

Among the amendments tacked onto the bill Tuesday was one proposed by the National Rifle Association, a prime enemy of stiffer gun laws.

Sponsored by Rep. Robert L. F. Sikes, D-Fla., it would exempt the National Board for Promotion of Rifle Practice from the prohibition of interstate shipment of firearms and ammunition.

The board, a military-civilian governing body, works closely with the NRA in the holding of rifle and pistol matches.

Sikes, a lifetime member of the NRA, said, "We can live with the bill the way it is."

Another amendment, sponsored by Rep. John D. Dingell, D-Mich., also an opponent of gun controls, would permit licensed gun collectors who deal in guns as relics and curios to buy and sell firearms across state lines.

"Under this amendment any self-styled collector could acquire firearms through the mail," argued Celler. He said this was a dangerous loophole.

The House also adopted an amendment that for all practical purposes would leave only ammunition for pistols and revolvers prohibited from sale through the mails.

Prison Term Rejected

The House rejected an attempt to require the states to give mandatory prison sentences to persons convicted of using a firearm in the commission of any felony. Last Friday, the body adopted an amendment requiring mandatory sentences for persons convicted of a crime while using a firearm in the commission of a federal felony.

Regardless of what form a gun control bill finally takes if and when it emerges from Congress, one thing seems certain at this point: There will be no provsions for the licensing and registration asked by Johnson after he first pressed Congress for a ban on interstate mail-order sales of rifles and shotguns and over-the-counter sales of long guns to residents of nonadjacent states.

Johnson also asked for bans on sales of ammunition and on sales of all guns to people under 18.

On Reagan's Growing Support

Rocky And Ronnie Agree

By The Associated Press

Ronald Reagan and Nelson A. Rockefeller found themselves in agreement today on a surprising point: Both saw growing support for Reagan's unannounced presidential candidacy.

Rockefeller, governor of New York, told newsmen at the National Governors Conference at Cincinnati Tuesday that he knows of 55 delegates, most of them in the South, who have switched from support of Richard M. Nixon as the Republican presidential candidate.

Rockefeller said 37 have lined up behind Reagan and the rest behind his own, announced candidacy.

Despite conceding this shift to Reagan, Rockefeller insisted that only he can win for the Republicans in November.

Reagan Cites Backing

Reagan, appearing at a separate news conference, didn't have any specific figures. But the California governor said "rather sizeable movements" have sprung up designed to make him a candidate.

"I can't ignore them. It's there," Reagan said. At the same time he reaffirmed his intention to lead the California delegation to the GOP convention as a favorite son and not as announced national candidate.

The governors conference provided a focal point for Tuesday's nationwide political doings which included a demonstration-marred visit by Vice President Hubert H. Humphrey to New York City, a pitch for Maryland delegates by Eugene J. McCarthy and agreement in electrical workers disputes that had threatened both national conventions.

McCarthy and Humphrey are fighting for the Democratic presidential nomination.

State chief executives trooped into a Cincinnati hotel ballroom for statements and comments throughout a day that was capped with a speech by President Johnson in which he reviewed world and national problems.

Among the convention highlights:

Nixon Win Seen

—Gov. Tim Babcock of Montana, Nixon's Western regional chairman, said Nixon "has the strength in the key states from coast to coast" to win in November.

—A resolution suggested by Rhode Island's John H. Chafee that would lessen the impact of a big November vote for third-party-candidate George Wallace, got a cool reception from several governors, including Rockefeller.

Chafee wanted the governors to endorse an agreement between the major parties to guarantee the presidency to the candidate getting the biggest popular vote if there should be no majority winner in the Electoral College. Such an agreement is being pushed by a bipartisan group of congressmen.

Although several governors agreed that the Southerner's strength is growing, most played down fears that Wallace would gain enough votes to throw the election into the House of Representatives.

Wallace himself, campaigning in Iowa, said he didn't think such an agreement would be constitutional. He called it "foolish."

—Gov. John B. Connally of Texas stopped short of saying Massachusetts Sen. Edward M. Kennedy lacked the qualifications to be a vice presidential running mate for Humphrey, but indicated he favored a more conservative candidate.

Humphrey Boost

Several governors earlier in the conference suggested Kennedy would add great strength to a Humphrey ticket.

Humphrey, meanwhile, indicated that he was reserving for himself the right to pick a running mate, although he wasn't locking the door to an assist from the convention.

"I would want very much to have something to say about that myself," Humphrey told a New York news conference which was his first formal session with the press since he announced his candidacy.

Humphrey didn't indicate his preference for a running mate, but showed some iritation when asked repeatedly about whether he will talk to Kennedy about the possibility of accepting second place.

The news conference preceded a $500-a-plate dinner at which Humphrey declared, while hundreds of antiwar demonstrators milled in the streets outside, that the next president will have to re-examine America's national priorities.

Humphrey headquarters in Washington released a letter the vice president wrote July 15 to the Democratic Platform Committee, suggesting seven themes be considered in shaping the 1968 platform.

Themes Listed

The themes summed up what Humphrey has been saying in campaign appearances and position papers and included: Peace, at home and abroad; a "Marshall Plan" for the cities; programs to insure full employment; strengthening of the free enterprise system; an "open presidency" with citizen participation at all levels, and full use by society of the benefits of science and technology.

McCarthy, in Baltimore to try to persuade Maryland delegates to at least remain uncommitted before the convention, criticized Humphrey for saying he was unclear on McCarthy's Vietnam position.

There were these other political developments Tuesday:

—Agreements were reached in both Chicago and Miami Beach, lifting the threat of communications blackouts during the political conventions.

Union Eases Stand

In Chicago, the International Brotherhood of Electrical Workers said it would allow its members, working without pay, to install all necessary facilities in the International Amphitheatre for the Aug. 26 Democratic convention. The union has been on strike since early May in a contract dispute with Illinois Bell Telephone.

In Miami Beach, a spokesman for the Columbia Broadcasting System announced settlement of a dispute that had halted communications work in preparation for the Aug. 5 Republican convention.

Priority Set Up By Heart Group To Check Deaths

EAST PALESTINE — Community programs aimed at the prevention of atherosclerosis, which underlies the majority of deaths from cardiovascular disease, have been accorded the highest priority of the American Heart Association and its affiliates.

Margaret Violand, director of the Columbiana County Heart branch at 406 N. Market St. here, said the decision was reached by 350 delegates during a conference on the coordinated Heart Association program.

"The weight of statistical evidence clearly supports the decision . . . that atherosclerosis is our major cardiovascular problem and that the prevention of this disease should be given first priority," said Dr. Jessee E. Edwards, AHA president.

Atherosclerosis embraces coronary disease and stroke and is associated closely with hypertension. Significant elements of the program which emphasizes prevention are risk factor identification and their modification in all age groups, early detection of the individual who may be free of symptoms but who may be coronary, or stroke-prone, prompt diagnosis and treatment of the coronary and stroke patients and the rehabilitation of the patient.

Mrs. Violand said a strong and innovative plan of public and professional education will be incorporated in the atherosclerosis priority program.

Texas Siren Reminds Youths-Parents, Too

MERCEDES, Tex. (AP) — The Mercedes City Commission has decided to sound its siren every night at 10 as a reminder to youths that the hour is getting late.

Attorney Homer Salinas told the commission Monday night that a curfew for juveniles would be unconstitutional and could not be enforced. Salinas said existing laws on loitering and vagrancy could handle the situation of youths staying out late.

"The crux of the thing is delinquent parents," said Commissioner Ray Hernandez.

Mayor Adan Cantu recommended that "we go ahead and sound the siren at 10 o'clock."

"Maybe it will wake up the parents," said Hernandez.

Levy Vote Approved By Wayne Trustees

LISBON — Wayne Township trustees have authorized a 1-mill levy for the November ballot to raise funds for fire control operations.

The action was taken during Monday night's meeting, with Claude Kidder, chairman, presiding.

Constable Forrest Young attended the meeting.

Bills totaling $403.51 were approved for payment.

The next meeting will be Aug. 2.

Gulf Reports Record Earnings For Period

PITTSBURGH (AP)—Gulf Oil Corp. has announced the highest first half earnings in its history: $3,11,144,000.

The company said Tuesday first half earnings for 1968, equal to $3 a share, represented a 9.8 per cent jump over first half earnings of $283,303,000, or $2.73 a share, in 1967.

Scholars believe Easter Island, called Rapa Nui by its inhabitants, was settled by wayfarers from Polynesian islands, 2,500 miles to the west.

Fortas Foes Hammer Away At Court Record

WASHINGTON (AP) — Testimony during Senate committee hearings into President Johnson's Supreme Court appointments has hurt chances that Abe Fortas will be confirmed as chief justice, according to a leading supporter of the nomination.

Sen. Philip A. Hart, D-Mich., says opponents of the nominations picked up much ammunition during Senate Judiciary Committee hearings into the naming of Fortas, now an associate justice, to succeed retiring Earl Warren.

Hart said that Fortas' refusal to answer questions about his decisions, his acknowledged participation in White House conferences since becoming a member of the court, and testimony attacking his rulings in obscenity cases all provide grist for the opposition.

But he, nonetheless, said he stood by his earlier prediction that the committee would recommend Senate confirmation by a 10-6 margin at worst and possibly by a vote of 12-4.

Political Profits

What happens in the Senate, Hart said, will depend in part on whether Republican opponents decide that fighting his appointment will be "More of a plus than a minus for them politically."

The committee, called into closed session today, seems unlikely to finish its hearings in time for the full Senate to act before September on the nominations, which includes the appointment of federal Judge Homer Thornberry to be an associate justice.

Chairman James O. Eastland, D-Miss., said he never predicts what the committee may do, but told newsmen he could not conceive of the Fortas nomination being brought up in the Senate before September.

Recess Scheduled

Congress is expected to recess at the end of next week until after Labor Dy because of the Republican and Democratic national conventions.

The committee concluded nine days of public hearings Tuesday on a sensational note when Sen. Strom Thurmond, R-S.C., displayed magazines with pictures of nude men and women in suggestive poses and said that distribution of such "hard-core pornography" has become much worse since Fortas has been a Supreme Court justice in 1965.

The final witness was Deputy Atty. Gen. Warren Christopher who was called for questioning about a Justice Department memorandum reviewing Fortas' service on the Supreme Court and crediting him with "an unusual degree of judicial restraint."

Hart said he had requested the department to prepare the memorandum, but Sen. Sam J. Ervin, Jr., D-N.C., called it an attempt at "propagandizing the committee."

PITTSBURGH (AP) — Allegheny Ludlum Steel Corp. says it's lowering the price of stainless steel sheet coils to encourage their purchase by distributors.

On Reagan's Growing Support

Rocky And Ronnie Agree

By The Associated Press

Ronald Reagan and Nelson A. Rockefeller found themselves in agreement today on a surprising point: Both saw growing support for Reagan's unannounced presidential candidacy.

Rockefeller, governor of New York, told newsmen at the National Governors Conference at Cincinnati Tuesday that he knows of 55 delegates, most of them in the South, who have switched from support of Richard M. Nixon as the Republican presidential candidate.

Rockefeller said 37 have lined up behind Reagan and the rest behind his own, announced candidacy.

Despite conceding this shift to Reagan, Rockefeller insisted that only he can win for the Republicans in November.

Reagan Cites Backing

Reagan, appearing at a separate news conference, didn't have any specific figures. But the California governor said "rather sizeable movements" have sprung up designed to make him a candidate.

"I can't ignore them. It's there," Reagan said. At the same time he reaffirmed his intention to lead the California delegation to the GOP convention as a favorite son and not as announced national candidate.

The governors conference provided a focal point for Tuesday's nationwide political doings which included a demonstration-marred visit by Vice President Hubert H. Humphrey to New York City, a pitch for Maryland delegates by Eugene J. McCarthy and agreement in electrical workers disputes that had threatened both national conventions.

McCarthy and Humphrey are fighting for the Democratic presidential nomination.

State chief executives trooped into a Cincinnati hotel ballroom for statements and comments throughout a day that was capped with a speech by President Johnson in which he reviewed world and national problems.

Among the convention highlights:

Nixon Win Seen

—Gov. Tim Babcock of Montana, Nixon's Western regional chairman, said Nixon "has the strength in the key states from coast to coast" to win in November.

—A resolution suggested by Rhode Island's John H. Chafee that would lessen the impact of a big November vote for third-party-candidate George Wallace, got a cool reception from several governors, including Rockefeller.

Chafee wanted the governors to endorse an agreement between the major parties to guarantee the presidency to the candidate getting the biggest popular vote if there should be no majority winner in the Electoral College. Such an agreement is being pushed by a bipartisan group of congressmen.

Although several governors agreed that the Southerner's strength is growing, most played down fears that Wallace would gain enough votes to throw the election into the House of Representatives.

Wallace himself, campaigning in Iowa, said he didn't think such an agreement would be constitutional. He called it "foolish."

—Gov. John B. Connally of Texas stopped short of saying Massachusetts Sen. Edward M. Kennedy lacked the qualifications to be a vice presidential running mate for Humphrey, but indicated he favored a more conservative candidate.

Humphrey Boost

Several governors earlier in the conference suggested Kennedy would add great strength to a Humphrey ticket.

Humphrey, meanwhile, indicated that he was reserving for himself the right to pick a running mate, although he wasn't locking the door to an assist from the convention.

"I would want very much to have something to say about that myself," Humphrey told a New York news conference which was his first formal session with the press since he announced his candidacy.

Humphrey didn't indicate his preference for a running mate, but showed some iritation when asked repeatedly about whether he will talk to Kennedy about the possibility of accepting second place.

The news conference preceded a $500-a-plate dinner at which Humphrey declared, while hundreds of antiwar demonstrators milled in the streets outside, that the next president will have to re-examine America's national priorities.

Humphrey headquarters in Washington released a letter the vice president wrote July 15 to the Democratic Platform Committee, suggesting seven themes be considered in shaping the 1968 platform.

Themes Listed

The themes summed up what Humphrey has been saying in campaign appearances and position papers and included: Peace, at home and abroad; a "Marshall Plan" for the cities; programs to insure full employment; strengthening of the free enterprise system; an "open presidency" with citizen participation at all levels, and full use by society of the benefits of science and technology.

McCarthy, in Baltimore to try to persuade Maryland delegates to at least remain uncommitted before the convention, criticized Humphrey for saying he was unclear on McCarthy's Vietnam position.

There were these other political developments Tuesday:

—Agreements were reached in both Chicago and Miami Beach, lifting the threat of communications blackouts during the political conventions.

Union Eases Stand

In Chicago, the International Brotherhood of Electrical Workers said it would allow its members, working without pay, to install all necessary facilities in the International Amphitheatre for the Aug. 26 Democratic convention. The union has been on strike since early May in a contract dispute with Illinois Bell Telephone.

In Miami Beach, a spokesman for the Columbia Broadcasting System announced settlement of a dispute that had halted communications work in preparation for the Aug. 5 Republican convention.

Priority Set Up By Heart Group To Check Deaths

EAST PALESTINE — Community programs aimed at the prevention of atherosclerosis, which underlies the majority of deaths from cardiovascular disease, have been accorded the highest priority of the American Heart Association and its affiliates.

Margaret Violand, director of the Columbiana County Heart branch at 406 N. Market St. here, said the decision was reached by 350 delegates during a conference on the coordinated Heart Association program.

"The weight of statistical evidence clearly supports the decision . . . that atherosclerosis is our major cardiovascular problem and that the prevention of this disease should be given first priority," said Dr. Jessee E. Edwards, AHA president.

Atherosclerosis embraces coronary disease and stroke and is associated closely with hypertension. Significant elements of the program which emphasizes prevention are risk factor identification and their modification in all age groups, early detection of the individual who may be free of symptoms but who may be coronary, or stroke-prone, prompt diagnosis and treatment of the coronary and stroke patients and the rehabilitation of the patient.

Mrs. Violand said a strong and innovative plan of public and professional education will be incorporated in the atherosclerosis priority program.

Texas Siren Reminds Youths-Parents, Too

MERCEDES, Tex. (AP) — The Mercedes City Commission has decided to sound its siren every night at 10 as a reminder to youths that the hour is getting late.

Attorney Homer Salinas told the commission Monday night that a curfew for juveniles would be unconstitutional and could not be enforced. Salinas said existing laws on loitering and vagrancy could handle the situation of youths staying out late.

"The crux of the thing is delinquent parents," said Commissioner Ray Hernandez.

Mayor Adan Cantu recommended that "we go ahead and sound the siren at 10 o'clock."

"Maybe it will wake up the parents," said Hernandez.

Levy Vote Approved By Wayne Trustees

LISBON — Wayne Township trustees have authorized a 1-mill levy for the November ballot to raise funds for fire control operations.

The action was taken during Monday night's meeting, with Claude Kidder, chairman, presiding.

Constable Forrest Young attended the meeting.

Bills totaling $403.51 were approved for payment.

The next meeting will be Aug. 2.

Action Slated Thursday On Bid For Housing Unit

The Columbiana Metropolitan Housing Authority will meet Thursday at 7:30 p.m. at City Hall to make a recommendation on one of four bids opened Tuesday afternoon for construction of a high - rise apartment building here.

The apparent low bid of $1,738,000 was entered by the Builders Co. of Youngstown.

The other bidders were Potters Construction Co. of East Liverpool, $1,848,400; Weinstein Construction Co., Inc., of Akron, $1,877,400, and W. D. Gibson Co. of Warren, $1,819,000.

The 130-unit apartment will be erected on a site in the West End and will provide housing for the elderly.

Merrill D. Hall, executive director for CMHA, said the authority will recommend one of the bids to the Chicago regional office of the Department of Housing and Urban Development.

Nine contractors originally indicated they would submit bids. Two dropped out recently and three others failed to enter a bid by the deadline yesterday at 2 p. m.

Robert F. Beatty is architect for the project for which the authority received the go-ahead in June from HUD. The housing authority was assured a federally-guaranteed loan for the project nearly a year ago.

Council recently enacted legislation officially rezoning the tract where the multi - storied structure will be built. The site lies between Dresden Ave. and the Freeway, north of W. 9th St.

Several attended the bid opening yesterday, including William J. Shoub, chairman of the housing authority; Aaron L. Eaton, a member; Hall and Beatty.

Child Care Payments Rise In West Virginia

CHARLESTON (AP) — Increases of $10 to $68 per month for child care payments to foster parents and institutions are due this month in West Virginia.

State Welfare Commissioner L. L. Vincent said yesterday increases of $10 to $60 will be made for care of children under 13 and $68 for children 13 to 21 years of age.

He said the new rates will be geared to daily costs and will vary among the individual facilities, insofar as payments to institutions are concerned.

The approval for the higher payments came in the last legislature after the Welfare Department contended that the old rates for foster parents and institutions did not cover actual costs.

Andrew Jackson, who later became president, shot and killed Charles Dickinson in a duel.

Locomotive Hits Wall Of Santa Fe's Shops

American Little League Stars Defeat Holly Hills 7-0

Sports Whirled

By TURK PIERCE
Review Sports Editor

The 1968 edition of "Buckeye Football" is out, containing several notes of interest to area grid fans.

In the past the magazine predicted the Top 10 high school teams in the state and in each area, but it is not doing so this year. The magazine's outlook for East Liverpool is not optimistic, and Jim Musuara, Tom Chambers and Dan Cunningham are listed as the team leaders.

Jefferson Union is tabbed as the team to beat in the Buckeye Border Conference, with Beaver Local a top contender. Minerva, which tied with Lisbon for Tri-County honors last season, is favored to repeat, and Lisbon is not mentioned. Leetonia is picked as a strong contender and Ed Casey, Ken DiCross and Tim Trombitas are named standouts for the Bears.

A MID-AMERICAN conference roundup picks Miami and notes that junior Jim Rance of Leetonia is expected to start at offensive tackle for Toledo, George Riggs of Toronto is expected to start at cornerback for Marshall and the area is well represented in the Bowling Green defensive backfield. Senior Bob Maltarich of East Liverpool is expected to return as starting left halfback and Junior Rick Perrin of Columbiana, the incumbent safetyman, will battle Larry Kelly, Toronto sophomore, for the job.

Darryl Herring, another East Liverpool product, is expected to move into a starting offensive halfback position at Wittenberg. The Tigers, with a 63-6-1 record in the 1960s, claim the best collegiate grid mark in the country in that period, with Alabama a close second. Muskingum is fourth with 62-10.

Sophomore quarterback Jan Samuels is expected to lead the attack at Findlay, which went 4-3-1 a year ago. The Oilers won their last two games by shutouts and Samuels was in high gear. He missed part of the early season with injuries.

PETE KINKAID, former Beaver Falls basketball coach, who was replaced by former East Liverpool coach Frank Chan, has taken the head coaching job at New Brighton, replacing former East Liverpool coach Jim Harris, who has moved to W&J.

Miami Has 350-Pound Rookie

Roosevelt Grier Retires; Clark Goes To Cowboys

By ED SCHUYLER JR.
Associated Press Sports Writer

Roosevelt Grier, a 287-pound veteran, is finished with pro football. Definitely. Sam McDowell, a 350-pound—maybe moge—rookie, is ready to start his career. Maybe.

A Los Angeles Rams' spokesman said Tuesday the 36-year-old Grier, a defensive tackle for 11 National Football League seasons, has retired to devote his time to show business and working for "harmony and peace among races."

Grier sat out last year with a ruptured Achilles tendon.

When McDowell, an offensive tackle who was the Miami Dolphins' ninth-round draft choice, signed his contract, it was stipulated that he report to camp.

McDowell reported Tuesday, stepped on the scales and the needle bounced to the maximum 350 pounds. His total weight could be only estimated.

He was held out of the American Football League's first full-scale workout, and Joe Thomas, director of player personnel, said a decision on McDowell's status would be made shortly.

Cowboys Get Clark

In a National Football League trade Tuesday, the Dallas Cowboys acquired kicker Mike Clark from the Pittsburgh Steelers for an undisclosed draft choice. Clark is expected to fill a vacancy created when Danny Villanueva retired last week.

Defensive safety Jerry Richardson quit the Atlanta Falcons and defensive tackle Dennis Randall left the New York Jets' camp.

Officials of the NFL Falcons said Richardson quit when his demand for a three-game guarantee for the 1968 season was refused. Richardson needed to be activated for at least three more games to be eligible for a five-year NFL pension.

A spokesman for the AFL Jets said he didn't expect Randall to return. Club officials said he was unhappy and had several business opportunities.

Hissom Winner, Team In Finals

Mark Hissom, who homered to win the first playoff game, pitched a two-hit shutout as the East Liverpool American League all-stars whipped Holly Hills 7-0 at Thompson Park last night.

The locals advanced to the finals of the District 4 tournament, to be played at Massillon tonight at 6. Massillon beat Sandy Valley 7-2 last night.

Bob Blankenship had a homer and two singles to pace the 12-hit attack off loser Moyer. Eric Hoppel had three hits, Steve Baker two and Bob Boughner a double.

Hissom didn't walk anybody and faced only two men over the minimum. Two men were safe on errors, but one was erased in a doubleplay and the other cut down trying to take an extra base. Wagner got both hits for the losers, one a double.

In the first inning singles by Hoppel and Gary Davis and a walk to Wayne Talbott loaded the bases and Blankenship singled for two runs. Blankenship's homer in the third made it 3-0 and in the fifth he led off with a single. Baker singled and John Tice walked to load the bases. Charles Payne singled, with all three runners scoring. Payne came around on an error.

McLain Wins 19th

Tigers Edge Senators 6-4; Orioles Down Indians 8-6

By HERSCHEL NISSENSON
Associated Press Sports Writer

Add Detroit's Mayo Smith to the list of push-button managers. First he pushed the panic button by starting Denny McLain with only two days' rest. But just when the Tigers were in danger of losing again he hit the right one and out popped two pinch hitters who turned the game around.

When the wheels had stopped turning Detroit had a 6-4 victory over Washington Tuesday night and a six-game lead in the American League as Baltimore stopped Cleveland 8-6 and jumped back over the Indians into second place.

Elsewhere, the New York Yankees downed Boston 4-1 and California and Minnesota split a doubleheader by 3-1 scores, the Angels taking the opener and the Twins the nightcap. The Chicago White Sox led Oakland 3-0 after 2½ innings before they were rained out.

Tigers Trailed

Detroit trailed Washington 4-3 on the strength of Frank Howard's 28th homer in the second inning and a three-run outburst in the sixth. But Phil Ortega walked Al Kaline to open the eighth, Willie Horton sacrificed him to second and Bill Freehan also walked.

Pinch hitter Jim Price singled home the tying run against Barry Moore and after Dave Baldwin got Norm Cash to foul out, Gates Brown, another pinch hitter, singled in the go-ahead run. The Tigers scored an insurance run in the ninth on Jim Northrup's double and a single by Kaline.

The late-inning fireworks provided Denny McLain with his 19th victory, although he left in the eighth for a pinch hitter. It was the third time this month a Detroit starter had worked with two days' rest—a month in which the Tigers' lead had dropped from 9½ to five games before Tuesday night's action—and the third time this season for McLain.

"We were very fortunate," Smith said. "Maybe we needed a game like this to turn us around."

The Tigers had lost eight of 12 games since the All-Star break.

Powell Homers

Boog Powell's three-run homer and Dave Johnson's two-run triple powered Baltimore past Cleveland. Powell doubled home a run in the first inning and then scored on Brooks Robinson's homer. Jose Cardenal put the Indians ahead 4-3 with a fifth-inning homer.

But Powell unloaded his 16th homer in the bottom of the inning and Johnson's triple in the eighth offset a Cleveland run in the eighth and Joe Azcue's homer in the ninth.

The Yankees utilized a bases-loaded walk to beat Boston. Juan Pizarro walked Frank Fernandez with two out in the seventh inning to force home the tie-breaking run.

Tom Tresh homered in the fifth for their first run and they added two in the eighth. Stan Bahnsen went the route for the Yanks.

George Brunet scattered six hits and won his fifth straight game as California won the opener from Minnesota. The only damage was Ted Uhlaender's seventh homer, which ended Brunet's string of scoreless innings at 24.

But the Twins scratched out three unearned runs and won the nightcap behind Jim Merritt's clutch pitching.

Dorothy Helman East Palestine Golf Leader

Dorothy Helman had the low net score in the first flight in the East Palestine Country Club ladies golf league yesterday, shooting a 31.

Clara Archibald had five one-putt greens. In the second flight Nancy Hill, Annabelle Guy and Millie Bush had 33s and Fern Cunningham five one-putts.

In the third flight Peg Cook had a 35 and Peg Brittan five one-putts. In the fourth flight Dorothy Barr had a 36 and Eli Dugan and Lou Hoffman had three one-putts.

The average home crowd at Cleveland Browns' game in 1967 was 77,830. The average road crowd was 57,566.

McCovey Kills Cubs

Reds Top Bucs In 12th, Virdon Hits Clutch HR

By DICK COUCH
Associated Press Sports Writer

Willie McCovey stepped off the plane in San Francisco early Tuesday evening, but as far as the Chicago Cubs are concerned his feet still haven't touched the ground.

McCovey flew to Los Angeles for an examination of his gimpy right knee, then winged back home in time to stroke four hits, including a two-out 10th inning homer that gave the Giants and Juan Marichal a 4-3 triumph over the Cubs.

Marichal checked the Cubs on five singles before nailing his 18th victory in 22 decisions when MCovey unloaded home run No. 24.

Virden Raps Homer

Elsewhere in the National League, the streaking Cincinnati Reds shrugged off a two-run ninth inning homer by Pittsburgh player-coach Bill Virdon and nipped the Pirates 7-6 in the 12th; first-place St. Louis walloped Philadelphia 11-5, the New York Mets edged Atlanta 2-1 and Los Angeles topped Houston 3-1.

McCovey made his trip to Los Angeles to consult with Dr. Robert Kerlan regarding the knee injury that had been bothering for more than two weeks.

Dr. Kerlan found a touch of arthritis in the knee, but the Cubs soon discovered there's nothing wrong with the towering first baseman's wrist action.

McCovey drove in one of the Giants' two first inning runs with the first of his three singles. His run-scoring single in the fifth gave Marichal a 3-1 lead, but the Cubs rallied for two runs in the seventh to knot it.

Lamabe got past Ron Hunt and Willie Mays in the 10th, but McCovey broke the deadlock with a blast into the left-center field seats.

Marichal applied an 0-for-5 collar to Glenn Beckert, snapping the Cub second baseman's season-high hitting streak at 27 games.

Reds Bunch Hits

The Reds bunched the last four of their 20 hits in the 12th inning to break a 5-5 tie at Pittsburgh after 37-year-old Virdon, reactivated last week after a three-year absence from the majors, sent the game into overtime with his ninth-inning homer off relief ace Ted Abernathy.

Tony Perez' fifth hit, a run-scoring single, gave the Reds a 6-5 lead and Tommy Helms followed with another RBI single, offsetting a Pittsburgh run in the bottom of the 12th and insuring Cincinnati's fifth straight victory.

Home runs by Ed Kranepool and Ron Swoboda and tight relief pitching by Cal Koonce carried the Mets past the Braves, who have dropped five in a row.

Kranepool hit his second homer of the year in the second inning and Swoboda crashed his first since June 10th in the sixth before Koonce rescued winner Tom Seaver in the eighth.

Maris Doubles

Two doubles by Roger Maris drove in four of St. Louis' 10 runs in the first three innings as the Cardinals stretched Philadelphia's losing string to five with a 14-hit barrage.

Lou Brock and Mike Shannon delivered two runs apiece for the Cardinals, who lead the second place Braves by 12½ games.

Bob Bailey's leadoff homer in the sixth—the first hit off Mike Culler—and run-scoring singles by Ted Savage and pitcher Claude Osteen brought the Dodgers from behind against Houston.

Osteen scattered seven hits in bringing his season mark to 8-14.

Calvary's 12 In 1st Beat Boyce 13-9

Calvary Methodist rode a 12-run first inning to a 13-9 win over Boyce Methodist in a church league slow pitch softball game at Glenmoor last night.

Bernie Fickle was the winner and Guy Sillence the loser. McCune had three hits and Heldman a homer for Calvary. Dave Carpenter had three hits for the losers.

The 1968 edition of "Buckeye Football" is out, containing several notes of interest to area grid fans.

In the past the magazine predicted the Top 10 high school teams in the state and in each area, but it is not doing so this year. The magazine's outlook for East Liverpool is not optimistic, and Jim Musuara, Tom Chambers and Dan Cunningham are listed as the team leaders.

Jefferson Union is tabbed as the team to beat in the Buckeye Border Conference, with Beaver Local a top contender. Minerva, which tied with Lisbon for Tri-County honors last season, is favored to repeat, and Lisbon is not mentioned. Leetonia is picked as a strong contender and Ed Casey, Ken DiCross and Tim Trombitas are named standouts for the Bears.

A MID-AMERICAN conference roundup picks Miami and notes that junior Jim Rance of Leetonia is expected to start at offensive tackle for Toledo, George Riggs of Toronto is expected to start at cornerback for Marshall and the area is well represented in the Bowling Green defensive backfield. Senior Bob Maltarich of East Liverpool is expected to return as starting left halfback and Junior Rick Perrin of Columbiana, the incumbent safetyman, will battle Larry Kelly, Toronto sophomore, for the job.

Darryl Herring, another East Liverpool product, is expected to move into a starting offensive halfback position at Wittenberg. The Tigers, with a 63-6-1 record in the 1960s, claim the best collegiate grid mark in the country in that period, with Alabama a close second. Muskingum is fourth with 62-10.

Sophomore quarterback Jan Samuels is expected to lead the attack at Findlay, which went 4-3-1 a year ago. The Oilers won their last two games by shutouts and Samuels was in high gear. He missed part of the early season with injuries.

PETE KINKAID, former Beaver Falls basketball coach, who was replaced by former East Liverpool coach Frank Chan, has taken the head coaching job at New Brighton, replacing former East Liverpool coach Jim Harris, who has moved to W&J.

Miami Has 350-Pound Rookie

Roosevelt Grier Retires; Clark Goes To Cowboys

By ED SCHUYLER JR.
Associated Press Sports Writer

Roosevelt Grier, a 287-pound veteran, is finished with pro football. Definitely. Sam McDowell, a 350-pound—maybe moge—rookie, is ready to start his career. Maybe.

A Los Angeles Rams' spokesman said Tuesday the 36-year-old Grier, a defensive tackle for 11 National Football League seasons, has retired to devote his time to show business and working for "harmony and peace among races."

Grier sat out last year with a ruptured Achilles tendon.

When McDowell, an offensive tackle who was the Miami Dolphins' ninth-round draft choice, signed his contract, it was stipulated that he report to camp.

McDowell reported Tuesday, stepped on the scales and the needle bounced to the maximum 350 pounds. His total weight could be only estimated.

He was held out of the American Football League's first full-scale workout, and Joe Thomas, director of player personnel, said a decision on McDowell's status would be made shortly.

Cowboys Get Clark

In a National Football League trade Tuesday, the Dallas Cowboys acquired kicker Mike Clark from the Pittsburgh Steelers for an undisclosed draft choice. Clark is expected to fill a vacancy created when Danny Villanueva retired last week.

Defensive safety Jerry Richardson quit the Atlanta Falcons and defensive tackle Dennis Randall left the New York Jets' camp.

Officials of the NFL Falcons said Richardson quit when his demand for a three-game guarantee for the 1968 season was refused. Richardson needed to be activated for at least three more games to be eligible for a five-year NFL pension.

A spokesman for the AFL Jets said he didn't expect Randall to return. Club officials said he was unhappy and had several business opportunities.

Bonavena Hurt, August Fight Delayed

NEW YORK (AP) — Dr. Marvin Goldberg, American manager of Argentina heavyweight, Oscar Bonavena, said Tuesday night he had received word Bonavena had injured his right hand in training.

The injury forced postponement of his Aug. 3 Buenos Aires bout with Leotis Martin of Philadelphia. Goldberg said the fight had been rescheduled for Sept. 7.

McCovey Kills Cubs

Reds Top Bucs In 12th, Virdon Hits Clutch HR

By DICK COUCH
Associated Press Sports Writer

Willie McCovey stepped off the plane in San Francisco early Tuesday evening, but as far as the Chicago Cubs are concerned his feet still haven't touched the ground.

McCovey flew to Los Angeles for an examination of his gimpy right knee, then winged back home in time to stroke four hits, including a two-out 10th inning homer that gave the Giants and Juan Marichal a 4-3 triumph over the Cubs.

Marichal checked the Cubs on five singles before nailing his 18th victory in 22 decisions when MCovey unloaded home run No. 24.

Virden Raps Homer

Elsewhere in the National League, the streaking Cincinnati Reds shrugged off a two-run ninth inning homer by Pittsburgh player-coach Bill Virdon and nipped the Pirates 7-6 in the 12th; first-place St. Louis walloped Philadelphia 11-5, the New York Mets edged Atlanta 2-1 and Los Angeles topped Houston 3-1.

McCovey made his trip to Los Angeles to consult with Dr. Robert Kerlan regarding the knee injury that had been bothering for more than two weeks.

Dr. Kerlan found a touch of arthritis in the knee, but the Cubs soon discovered there's nothing wrong with the towering first baseman's wrist action.

McCovey drove in one of the Giants' two first inning runs with the first of his three singles. His run-scoring single in the fifth gave Marichal a 3-1 lead, but the Cubs rallied for two runs in the seventh to knot it.

Lamabe got past Ron Hunt and Willie Mays in the 10th, but McCovey broke the deadlock with a blast into the left-center field seats.

Marichal applied an 0-for-5 collar to Glenn Beckert, snapping the Cub second baseman's season-high hitting streak at 27 games.

Reds Bunch Hits

The Reds bunched the last four of their 20 hits in the 12th inning to break a 5-5 tie at Pittsburgh after 37-year-old Virdon, reactivated last week after a three-year absence from the majors, sent the game into overtime with his ninth-inning homer off relief ace Ted Abernathy.

Tony Perez' fifth hit, a run-scoring single, gave the Reds a 6-5 lead and Tommy Helms followed with another RBI single, offsetting a Pittsburgh run in the bottom of the 12th and insuring Cincinnati's fifth straight victory.

Home runs by Ed Kranepool and Ron Swoboda and tight relief pitching by Cal Koonce carried the Mets past the Braves, who have dropped five in a row.

Kranepool hit his second homer of the year in the second inning and Swoboda crashed his first since June 10th in the sixth before Koonce rescued winner Tom Seaver in the eighth.

Maris Doubles

Two doubles by Roger Maris drove in four of St. Louis' 10 runs in the first three innings as the Cardinals stretched Philadelphia's losing string to five with a 14-hit barrage.

Lou Brock and Mike Shannon delivered two runs apiece for the Cardinals, who lead the second place Braves by 12½ games.

Bob Bailey's leadoff homer in the sixth—the first hit off Mike Culler—and run-scoring singles by Ted Savage and pitcher Claude Osteen brought the Dodgers from behind against Houston.

Osteen scattered seven hits in bringing his season mark to 8-14.

Calvary's 12 In 1st Beat Boyce 13-9

Calvary Methodist rode a 12-run first inning to a 13-9 win over Boyce Methodist in a church league slow pitch softball game at Glenmoor last night.

Bernie Fickle was the winner and Guy Sillence the loser. McCune had three hits and Heldman a homer for Calvary. Dave Carpenter had three hits for the losers.

That's stable. So stable, the tread won't squirm like on ordinary tires. So it wears lon to 40% longer than the same tire out these belts. All that strength holds the tread open. Lays it down flatter. Socks it to the road.

2 plies of tough nylon cord for high speed dependability
Cross plies, not radial, for more stability. Nothing resists impact like nylon. You can really drive on this tire.

Minnesota Golf Classic Without Stars

ST. PAUL, Minn. (AP) — The $100,000 Minnesota Classic—the closest thing to an institution on the pro golfing tour—opens a four-day run Thursday without most of the big name golfers.

The oldest tournament on the PGA circuit, the meet originated in 1930 as the St. Paul Open.

Such stars as Jack Nicklaus, Arnold Palmer, Billy Casper, Doug Sanders, Gary Player, Masters champion Bob Goalby and newly-crowned PGA champ Julius Boros will be sitting out the tournament. The field of 150 will be packed with young pros.

Lee Trevino, colorful U.S. Open champion, and young Tom Weiskopf, currently the leading money winner of 1968, are rated the favorites. Defending champion Lou Graham and 1965 titlist Ray Floyd are back for another fling at the $20,000 first-prize money.

East End Nips McKinley 7-6

East End came from behind to nip McKinley 7-6 in a recreation league baseball game at Dixonville yesterday.

Atwell Recovered, Rides Two Winners

Tommy Atwell, the rider who was thrown immediately after he crossed the finish line in first place a week ago, won a pair of races at Waterford Park Tuesday night.

Atwell won the second with Greek Prophet at $12.00 and the fourth with Beach Ring at $8.80.

Atwell rode both winners in identical fashion — he sent them to a long early lead, then refused to give up through the late stages.

In early days, barbers also were surgeons.

There was a three - way tie for first in the father-son golf tournament at the East Liverpool Country Club yesterday.

Minnesota Golf Classic Without Stars

ST. PAUL, Minn. (AP) — The $100,000 Minnesota Classic—the closest thing to an institution on the pro golfing tour—opens a four-day run Thursday without most of the big name golfers.

The oldest tournament on the PGA circuit, the meet originated in 1930 as the St. Paul Open.

Such stars as Jack Nicklaus, Arnold Palmer, Billy Casper, Doug Sanders, Gary Player, Masters champion Bob Goalby and newly-crowned PGA champ Julius Boros will be sitting out the tournament. The field of 150 will be packed with young pros.

Lee Trevino, colorful U.S. Open champion, and young Tom Weiskopf, currently the leading money winner of 1968, are rated the favorites. Defending champion Lou Graham and 1965 titlist Ray Floyd are back for another fling at the $20,000 first-prize money.

East End Nips McKinley 7-6

East End came from behind to nip McKinley 7-6 in a recreation league baseball game at Dixonville yesterday.

Bob Ryan was the winner. Charles Powell had a double and two singles and Rudy Jones a double and single.

Atwell Recovered, Rides Two Winners

Tommy Atwell, the rider who was thrown immediately after he crossed the finish line in first place a week ago, won a pair of races at Waterford Park Tuesday night.

Atwell won the second with Greek Prophet at $12.00 and the fourth with Beach Ring at $8.80.

Atwell rode both winners in identical fashion — he sent them to a long early lead, then refused to give up through the late stages.

In early days, barbers also were surgeons.

State Softball Tournaments Announced

State Tournaments in softball have been announced by N. J. Barack of Columbus, state commissioner of the Ohio Amateur Softball Association. The four tournaments start on August 16 with the fast pitch for men at Columbus, slow pitch for men at Massillon, Industrial slow pitch at Springfield, and slow pitch for women at Oxford.

Harvey J. Woods, superintendnt of parks and recreation in Saltm and district 14 commissioner said that entries for teams in Columbiana, Jefferson, Harrison, Belmont, and Monroe counties are eligible for the district tournament. Woods said that teams who may want to play in the tournaments representing the district should contact him at 785 E. State St., Salem or call at 1-332-5512. If more than one team wishes to enter an event, a playoff will be scheduled between the entries and the winner will represent the district.

The tournaments are open to teams affiliated with the Ohio Amateur Softball Association but most teams can become a member if they wish to play.

Woods said that deadline for applications is August 1, and that all entries must be in his hands by that date.

Salem Sponsoring Fast Pitch Tourney

The Salem Parks and Recreation Department is sponsoring a fast pitch softball tournament in two sections.

The first section opens Aug. 9, with the entry deadline July 31, and the second section, for sanctioned teams, opens Aug. 30 with the entry deadline Aug. 17. Entries should be sent to Dennis M. Coble, 785 E. State St., Salem.

The Steelers have four players from Nebraska U. on their 1968 training camp roster, more than from any other school.

State Softball Tournaments Announced

State Tournaments in softball have been announced by N. J. Barack of Columbus, state commissioner of the Ohio Amateur Softball Association. The four tournaments start on August 16 with the fast pitch for men at Columbus, slow pitch for men at Massillon, Industrial slow pitch at Springfield, and slow pitch for women at Oxford.

Harvey J. Woods, superintendnt of parks and recreation in Saltm and district 14 commissioner said that entries for teams in Columbiana, Jefferson, Harrison, Belmont, and Monroe counties are eligible for the district tournament. Woods said that teams who may want to play in the tournaments representing the district should contact him at 785 E. State St., Salem or call at 1-332-5512. If more than one team wishes to enter an event, a playoff will be scheduled between the entries and the winner will represent the district.

The tournaments are open to teams affiliated with the Ohio Amateur Softball Association but most teams can become a member if they wish to play.

Woods said that deadline for applications is August 1, and that all entries must be in his hands by that date.

Salem Sponsoring Fast Pitch Tourney

The Salem Parks and Recreation Department is sponsoring a fast pitch softball tournament in two sections.

The first section opens Aug. 9, with the entry deadline July 31, and the second section, for sanctioned teams, opens Aug. 30 with the entry deadline Aug. 17. Entries should be sent to Dennis M. Coble, 785 E. State St., Salem.

The Steelers have four players from Nebraska U. on their 1968 training camp roster, more than from any other school.

ANN LANDERS

She's Tired Of Giving

By Ann Landers

Dear Ann Landers: Six months ago my husband's sister Janet announced that her mind was made up—she was going into a convent. The family decided to give her a big going away shower. We all figured since we wouldn't have to buy her a wedding present or baby gifts we'd go all out.

Two weeks ago Janet came out of the convent and decided to marry the boy she had been going with before she chose the religious life. They plan to marry in September. There are now plans for a big bridal shower. Then, of course, there will be the wedding gift, and naturally baby gifts will follow. Do you think this is fair?—MEAGER BANK ACCOUNT.

-:-

Dear Meager: Do you feel Janet should stay single to save friends and relatives the price of a shower gift? I don't. Those in the family who don't wish to spend any more money on her can convey their best wishes and let it go at that.

No Fathers Day

Dear Ann: Sometimes I think you take a stand you don't believe just to provoke controversy. I strongly suspect you did just that when you told the daughter whose father had been a selfish, no good bum all of his life that she should take care of him in his old age.

I've lived through the same hell as the person who wrote and I consider myself an authority on rotten fathers. Unless you have seen alcoholism, screaming, fighting, breaking of furniture and dishes, you can't imagine what it's like. I remember Mama taking me and my little brother next door—in the middle of the night, wrapped in a blanket. Father had been beating her with his fists and threatened to set the house on fire.

Mom died when I was 13. My brother and went to live with an aunt. Father disappeared for 10 years and I can truthfully say nobody missed him. Now I'm happily married and have two small children.

Father turned up six months ago. He lives in a shabby rooming house on the other end of town. He's criticized me to the family because I will not take him into our nice home and let him enjoy his grandchildren. I have him to dinner once in a while and it's all I can stand. My husband has nothing to say to him and my children fear him. He told me last time he was here that I should read the Bible more, especially the part that says, "Honor thy father and thy mother."

Please stop playing to the grandstand and answer me honestly. Is a married daughter obligated to take in an aged parent who has never done anything but cause misery and trouble?—WAITING TO HEAR

-:-

Dear Waiting: I have never recommended that a married daughter or son move an aged parent into the home when the relationship is poor. This can only lead to trouble. What I did say, however, is that a child has the moral obligation to see to it that parents do not go hungry or without shelter—and the advice stands.

Mink Fink

Dear Ann: My cousin who is always putting on airs got a fur stole for Mother's Day. She told everyone it was Siberian mink. The first time she wore it she got caught in the rain. It has smelled musty—like skunk—ever since. Can it be that her stole is actually not mink, but something a lot less fancy?—SUSPICIOUS

-:-

Dear Sus: Mink is a member of the weasel family and so is the skunk, the muskrat and a few other less glamorous cousins. They all smell musty when rained on—even their Siberian relatives.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a long, self-addressed, stamped envelope.

The DOCTOR Says

By Dr. W. G. Brandstadt

X-Rays Can't Diagnose Liver Cancer

Q—What would cause a person's liver to become enlarged? Blood tests show some evidence of liver damage. Do these conditions correct themselves in time?

Dr. Brandstadt

A — Common causes of liver enlargement are valvular heart disease with decompensation, early cirrhosis of the liver (in the late stages the liver shrinks), Banti's disease (splenic anemia), bronze diabetes, chronic hepatitis, tumors of the liver and fatty changes in the liver. If your liver function tests show liver damage, it is important to discover which disease is causing the trouble, then treat the cause.

Q—Is X-ray the only way of discovering cancer of the liver? How fast does it spread? Can the liver be replaced? Can cancer of the liver be cured?

A—X-ray is of little use in the diagnosis of cancer of the liver because soft tissues do not stop the X-rays. The diagnosis is made by removing a small core of liver tissue and examing it under a microscope.

-:-

SCANNING THE LIVER with a Geiger counter after a dose of a radio - active isotope has been given is another valuable diagnostic method.

-:-

ALTHOUGH LIVER transplants have been done with some degree of success, the operation is still considered experimental. There is no cure for cancer of the liver but some new treatments have added to the victim's comfort and prolonged his life. The rate of growth of these cancers is unpredictable.

Q—Is there any relief for jaundice? Will I have to stay on a special diet?

A — Calamine lotion with phenol may be used to relieve the itching, which is usually the most troublesome symptom. Two new drugs, cholestyramine (Cuemid) and methandrostenolone (Dianabol) taken by mouth, will also relieve the itching but only if it is caused by the jaundice. There are many causes of jaundice and it is important to discover the cause and eliminate it. Diet may be a part of the treatment in some cases.

Q—What foods are rich in iron?

A—In the order of greatest concentration of iron they are: liver, oysters, red meat, spinach and other greens, enriched bread and eggs.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Ohio Democrats Plan No Caucus Until Convention

COLUMBUS, Ohio (AP) — Ohio's 126-member delegation to the Democratic national convention will not caucus until after reaching Chicago, the convention site, State Chairman Eugene O'Grady announced Tuesday.

The announcement contrasted with an earlier statement by Sen. Stephen M. Young, Ohio's favorite son candidate, who indicated there would be a caucus before delegates left for the convention, Aug. 25-26.

O'Grady said he had conferred with Young and other high-ranking state Democratic officials in deciding on the caucus plans.

O'Grady also announced that John J. Gilligan, Democratic candidate for the U.S. Senate, will represent Ohio on the important Resolutions and Platform Committee at the convention.

Draft Resister Lacks Real Issue To Resist

OKLAHOMA CITY (AP) — A self-proclaimed draft resister had nothing to resist Tuesday when an official at the induction center said he was temporarily unacceptable for service.

Neither the spokesman nor the protestor, Joe Thomas Gilchrist, 20-year-old Cornell University junior, would give the reason for the ruling.

Gilchrist, however, said he felt certain he would be called up later and said he would resist at that time.

Gilchrist won the state American Legion oratory award in 1966. He said he opposes the war in Vietnam.

Fire Bug Finds Task Almost Too Difficult

FONTANA, Calif. (AP) — Whoever set fire to a Fontana elementary school, destroying its library and an undetermined number of books, tried and tried before he succeeded.

Sheriff's arson investigators said they found 38 burned matches outside the building Tuesday, along with two books of unburned matches.

Today In Washington

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield says a congressional session after the Republican and Democratic national conventions would probably be lengthy.

"If we come back," Mansfield said Tuesday, "I imagine we will be here for some time." He added that the session would extend "considerably beyond" two weeks.

WASHINGTON (AP) — There is hope for quick agreement to break the mounting logjam of relief supplies for the needy on both sides of Nigeria's civil war, a House foreign affairs subcommittee has been told.

Joseph Palmer II, assistant secretary of state, told the subcommittee Tuesday the United States is accepting "at face value" Nigeria's willingness to open up areas for movement of food through fighting lines.

But, Palmer said, there has been no response from secessionist Biafra that would allow trucks to move.

Palmer, just back from a six-week tour of Africa that included Nigeria, didn't indicate just when agreement would come, but said the "need is great and urgent" on both sides of the struggle.

WASHINGTON (AP) — The Department of Housing and Urban Development has announced a $375,000 grant for a study on how a housing program can be made a part of metropolitan planning.

Secretary Robert C. Weaver said the program would be explored in separate but related studies by the Metropolitan Council of the Twin Cities Area in Minnesota, the Metropolitan Dade County, Fla., Planning Department and the State of Connecticut Department of Community Affairs.

The studies will be coordinated by the National Association of Housing and Redevelopment Officials, a professional association of urban renewal and housing people, Weaver said.

$1 Million Missing Off Bank Mail Truck

BOSTON (AP) — About $1 million in stocks and bonds is missing in several mailbags which disappeared June 4 from a First National Bank truck, the bank disclosed Tuesday.

A bank spokesman said some of the securities were negotiable, but that since all have identification numbers it would be difficult, if not impossible for a thief to cash them.

Some $1,500 worth of coupons from the stolen bonds were presented at a Somerville bank for payment last week. The bank called police, and William Foley of Boston, who has been a candidate for City Council and other offices, was arrested and charged with receiving stolen property. He pleaded innocent in District Court and was freed on bail pending a hearing.

Two Ohioans Claimed In Viet War Service

WASHINGTON (AP) — Army Sgt. Cecil L. Matthew Jr. of Columbus has died in combat in Vietnam, the Defense Department reported Tuesday.

Army Spec. 4 Robert W. Davis of Cleveland died as a result of nonhostile action.

TO STAY YOUNG
KEEP HEALTHY

Some people continuously suffer from minor aches and pains, always feel tired; and try every newly advertised remedy without any permanent relief. Unless they do something about it soon, no matter how young in years they are, they will soon be old. For, to feel young, you have to be healthy.

Such people should place themselves under the guidance of a physician and do everything he suggests. After making certain by examination and tests there is nothing incurably wrong, let the physician specify what medicines to take, the exercises to do and what diet to follow. The odds are good health will come and lasting youth will follow.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick it up if shopping nearby, or we wil deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service.

Fire Bug Finds Task Almost Too Difficult

FONTANA, Calif. (AP) — Whoever set fire to a Fontana elementary school, destroying its library and an undetermined number of books, tried and tried before he succeeded.

Sheriff's arson investigators said they found 38 burned matches outside the building Tuesday, along with two books of unburned matches.

Today In Washington

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield says a congressional session after the Republican and Democratic national conventions would probably be lengthy.

"If we come back," Mansfield said Tuesday, "I imagine we will be here for some time." He added that the session would extend "considerably beyond" two weeks.

WASHINGTON (AP) — There is hope for quick agreement to break the mounting logjam of relief supplies for the needy on both sides of Nigeria's civil war, a House foreign affairs subcommittee has been told.

Joseph Palmer II, assistant secretary of state, told the subcommittee Tuesday the United States is accepting "at face value" Nigeria's willingness to open up areas for movement of food through fighting lines.

But, Palmer said, there has been no response from secessionist Biafra that would allow trucks to move.

Palmer, just back from a six-week tour of Africa that included Nigeria, didn't indicate just when agreement would come, but said the "need is great and urgent" on both sides of the struggle.

WASHINGTON (AP) — The Department of Housing and Urban Development has announced a $375,000 grant for a study on how a housing program can be made a part of metropolitan planning.

Secretary Robert C. Weaver said the program would be explored in separate but related studies by the Metropolitan Council of the Twin Cities Area in Minnesota, the Metropolitan Dade County, Fla., Planning Department and the State of Connecticut Department of Community Affairs.

The studies will be coordinated by the National Association of Housing and Redevelopment Officials, a professional association of urban renewal and housing people, Weaver said.

$1 Million Missing Off Bank Mail Truck

BOSTON (AP) — About $1 million in stocks and bonds is missing in several mailbags which disappeared June 4 from a First National Bank truck, the bank disclosed Tuesday.

A bank spokesman said some of the securities were negotiable, but that since all have identification numbers it would be difficult, if not impossible for a thief to cash them.

Some $1,500 worth of coupons from the stolen bonds were presented at a Somerville bank for payment last week. The bank called police, and William Foley of Boston, who has been a candidate for City Council and other offices, was arrested and charged with receiving stolen property. He pleaded innocent in District Court and was freed on bail pending a hearing.

TO STAY YOUNG
KEEP HEALTHY

Some people continuously suffer from minor aches and pains, always feel tired; and try every newly advertised remedy without any permanent relief. Unless they do something about it soon, no matter how young in years they are, they will soon be old. For, to feel young, you have to be healthy.

Such people should place themselves under the guidance of a physician and do everything he suggests. After making certain by examination and tests there is nothing incurably wrong, let the physician specify what medicines to take, the exercises to do and what diet to follow. The odds are good health will come and lasting youth will follow.

Senate OK's Funds To Aid Aviation Jam

WASHINGTON (AP) — The Senate has approved an additional $153 million for the Federal Aviation Administration in a move to relieve the congestion that has disrupted air traffic at some of the nation's busiest airports.

"This is not a matter of air safety, it's a matter of air survival," Sen. John C. Stennis, D-Miss., said before the Senate approved appropriations of $983.4 million for the FAA.

The action came while reports of delays in takeoffs and landings at major airports throughout the country continued to come in.

The traffic jams, which have mushroomed in recent weeks, are threatening to cause the cancellation of some flights, a cutback in FAA services and the possible closing of some facilities.

Overwork Claimed

The controllers maintain that they are overworked, shortstaffed and underequipped to handle the increasing air traffic.

The bill was $153 million higher than a measure passed previously by the House and its sponsors said the extra money would provide for the hiring of 3,627 air-traffic controllers. The House bill allowed for only 1,631 controllers.

The Senate approved the additional money, part of an over-all $1.78 billion appropriations bill for the Transportation Department, 82 to 2. Only Sen. John J. Williams, R-Del., and Strom Thurmond, R-S.C., dissented.

An informed Senate source said he expects the House will agree to much, if not all, the increases in the Senate bill.

Quick Action Needed

Quick action in the House will be necessary if the measure is to go into effect before fall since Congress takes a break for much of August due to the national political conventions.

In a related development, FAA officials met Tuesday with leaders of the Professional Air Traffic Controllers Oranization, a new union, to discuss the air tieups.

F. Lee Bailey, executive director of the union, said after the session his organization would seek meetings with industry and other interested parties this week to talk over immediate steps to end the problem.

Also, FAA administrator William F. McKee said a three-day meeting, starting today, would consider proposals on ways to relieve the congestion.

Pittsburgh PAT Says 'No Change' Plan Works Well

PITTSBURGH (AP) — The Port Authority Transit says things went "smoother, beyond all expectations" during the first day of the system's exact-change program.

"The operators are delighted with the plan and the patrons seem to share their enthusiasm," a transit authority spokesman said.

The spokesman said most of the bus and trolley service in Allegheny County ran right on schedule because there were no delays while drivers gave out change.

Under the system which went into effect Tuesday passengers without correct change for their fare must overpay and get a receipt for the difference from the operator. The receipt can be cashed for postage stamps or transit tickets at the Port Authority's office.

HINTS FROM HELOISE

'Canned' Time Saver

DEAR FOLKS: If you want to really fool your family or a guest . . . and you are in a hurry to fix a vegetable for dinner, open a can of carrots. Usually these come sliced. If you'll compare (and ladies, you've got to learn to compare) the price of buying them raw or in a can and the time it takes to fix each kind, you'll see how much easier it is to fix the canned ones.

Heloise

Some day when you've got the time, set your alarm from the minute you start peeling and slicing those fresh carrots and see how long it takes.

Now, back to the open can of inexpensive carrots.

I pour the water off. Then put some cold water from the faucet in the can, shake it a time or two and pour that off.

Put the carrots in a little sauce pan and add about one-quarter teaspoon of sugar and enough water to cover them. Add a hunk of butter or oleo and lots of pepper and some salt. Let cook slowly for about 30 minutes.

Now, the greatest part of it all — take your pancake turner and chop those carrots up a little! Or, your potato masher if you happen to have one which doesn't actually pulverize them.

Remember when they come out of the can, they are perfect slices. If you cut them yourself, they wouldn't be. Not a guest who has eaten in my house knows that I've done this for years, instead of serving fresh carrots.

So ladies don't forget, as inexpensive as canned carrots are, buy at least two DIFFERENT brands so that you can compare them and decide which ones are the best. Just because the label on the outside of one can is brighter orange doesn't mean that the carrot on the inside is the same color. In fact I found it to be just the opposite in one case.

Remember to compare, compare and compare. Don't go by pictures. Only what's on the inside and the price.

HELOISE.

DEAR HELOISE: Summer is here and many of us are filling our children's little portable swimming pools.

Most water is always so cold at first that the children must usually wait a day or so for it to warm up enough to feel comfortable.

Well, I fill the pool half full with cold water, then finish filling with hot water from the hot water heater. I just connect the garden hose to the drain faucet on the bottom of the heater. My hose will easily reach from the heater and out the backdoor to the pool.

The water heater should be drained every so often anyway, and I run the first few gallons on the ground to clear any rust or sediment out.

MRS. GEORGE REINER.

DEAR HELOISE: For a party-picnic affair at our home, I planned to serve ice cream for dessert.

So before the guests arrived, I scooped the ice cream into cupcake papers and put them on a tray in the freezer.

They made a colorful, attractive dessert and there was no fuss and muss of serving ice cream at the last minute.

Everyone commented that they thought it a marvelous idea.

FRANCIS AMER.

It was, honeybear!

HELOISE.

Letter Of Laughter

DEAR HELOISE: Doubt if your readers can take so much wisdom all at one sitting — so please just print these hints separately. . .

MRS. J.

DEAR HELOISE: I'm always having to hunt up my dust cloth every time I clean house.

So yesterday, after finishing my cleaning, I decided to wrap the cloth around the can of furniture polish and secure it with a rubber band.

Now, all I have to do is reach for the polish and the dust cloth is right there, too.

ELIZABETH WALKER.

DEAR HELOISE: About that idea of putting a bath towel around the pillow for a person who perspires a lot:

I made a pillow slip out of two bath towels, put the pillow into this case and a regular pillow case over that.

This way I have nice smooth material under my head, but still have protection for the pillow.

Midland Officers Inspect 46 Bikes

Forty-six bicycles were inspected in a safety program held Monday at the Midland 7th St. School playground. Midland Police Sgt. Eli Bratich termed the turnout "fair," adding more bicycles were expected. The inspection will be an annual event.

Four bicycles were rejected because of faulty equipment or because they needed repairs. Fire Chief William Monac made minor repairs to approximately 20. Jim D'Itri assisted.

The machine that was to be used in the inspection was not in working order, so the inspection was carried out by the men. Sgt. Bratich said the police are endeavoring to get all unsafe bikes off the street for the protection of the children who operate them. Children with unsafe bikes will be ordered off the streets and parents will be notified that necessary repairs should be made.

Louis M. Heeter, chairman of the Beaver County Traffic Safety Council, assisted in the program.

The next inspection will be announced.

$100,000 Loan OK'd For City 'In The Red'

EAST ST. LOUIS, Ill. (AP) — It was close, but the City Council scraped up enough money to meet the next payroll.

Two weeks ago the council had to authorize notes because of a $61,000 shortage. Local banks agreed to loan the city $100,000 to help meet payrolls for the next six months.

City officials think they can make the next payrolls from the general fund and other accounts.

Last week the Mobil Oil Co. threatened to withdraw credit because the city's bill of $16,002 was five months in arrears. The city paid $2,006 on the bill and credit was extended until Aug. 1. The city has been operating in the red since 1951.

$6,000 Wasted, Says Story On W. Va. Fund

The newspaper said much of the equipment, acquired under a rental-purchase contract, has never been uncrated and the contract has expired.

The article explained the purpose of the equipment was to bring classroom instruction from West Liberty State College to inmates at the state penitentiary a Moundsville. The equipmen reportedly is worth about $28,000.

HINTS FROM HELOISE

'Canned' Time Saver

DEAR FOLKS: If you want to really fool your family or a guest . . . and you are in a hurry to fix a vegetable for dinner, open a can of carrots. Usually these come sliced. If you'll compare (and ladies, you've got to learn to compare) the price of buying them raw or in a can and the time it takes to fix each kind, you'll see how much easier it is to fix the canned ones.

Heloise

Some day when you've got the time, set your alarm from the minute you start peeling and slicing those fresh carrots and see how long it takes.

Now, back to the open can of inexpensive carrots.

I pour the water off. Then put some cold water from the faucet in the can, shake it a time or two and pour that off.

Put the carrots in a little sauce pan and add about one-quarter teaspoon of sugar and enough water to cover them. Add a hunk of butter or oleo and lots of pepper and some salt. Let cook slowly for about 30 minutes.

Now, the greatest part of it all — take your pancake turner and chop those carrots up a little! Or, your potato masher if you happen to have one which doesn't actually pulverize them.

Remember when they come out of the can, they are perfect slices. If you cut them yourself, they wouldn't be. Not a guest who has eaten in my house knows that I've done this for years, instead of serving fresh carrots.

So ladies don't forget, as inexpensive as canned carrots are, buy at least two DIFFERENT brands so that you can compare them and decide which ones are the best. Just because the label on the outside of one can is brighter orange doesn't mean that the carrot on the inside is the same color. In fact I found it to be just the opposite in one case.

Remember to compare, compare and compare. Don't go by pictures. Only what's on the inside and the price.

HELOISE.

DEAR HELOISE: Summer is here and many of us are filling our children's little portable swimming pools.

Most water is always so cold at first that the children must usually wait a day or so for it to warm up enough to feel comfortable.

Well, I fill the pool half full with cold water, then finish filling with hot water from the hot water heater. I just connect the garden hose to the drain faucet on the bottom of the heater. My hose will easily reach from the heater and out the backdoor to the pool.

The water heater should be drained every so often anyway, and I run the first few gallons on the ground to clear any rust or sediment out.

MRS. GEORGE REINER.

DEAR HELOISE: For a party-picnic affair at our home, I planned to serve ice cream for dessert.

So before the guests arrived, I scooped the ice cream into cupcake papers and put them on a tray in the freezer.

They made a colorful, attractive dessert and there was no fuss and muss of serving ice cream at the last minute.

Everyone commented that they thought it a marvelous idea.

FRANCIS AMER.

Letter Of Laughter

DEAR HELOISE: Doubt if your readers can take so much wisdom all at one sitting — so please just print these hints separately. . .

MRS. J.

DEAR HELOISE: I'm always having to hunt up my dust cloth every time I clean house.

So yesterday, after finishing my cleaning, I decided to wrap the cloth around the can of furniture polish and secure it with a rubber band.

Now, all I have to do is reach for the polish and the dust cloth is right there, too.

ELIZABETH WALKER.

DEAR HELOISE: About that idea of putting a bath towel around the pillow for a person who perspires a lot:

I made a pillow slip out of two bath towels, put the pillow into this case and a regular pillow case over that.

This way I have nice smooth material under my head, but still have protection for the pillow.

Midland Officers Inspect 46 Bikes

Forty-six bicycles were inspected in a safety program held Monday at the Midland 7th St. School playground. Midland Police Sgt. Eli Bratich termed the turnout "fair," adding more bicycles were expected. The inspection will be an annual event.

Four bicycles were rejected because of faulty equipment or because they needed repairs. Fire Chief William Monac made minor repairs to approximately 20. Jim D'Itri assisted.

The machine that was to be used in the inspection was not in working order, so the inspection was carried out by the men. Sgt. Bratich said the police are endeavoring to get all unsafe bikes off the street for the protection of the children who operate them. Children with unsafe bikes will be ordered off the streets and parents will be notified that necessary repairs should be made.

Louis M. Heeter, chairman of the Beaver County Traffic Safety Council, assisted in the program.

The next inspection will be announced.

$100,000 Loan OK'd For City 'In The Red'

EAST ST. LOUIS, Ill. (AP) — It was close, but the City Council scraped up enough money to meet the next payroll.

Two weeks ago the council had to authorize notes because of a $61,000 shortage. Local banks agreed to loan the city $100,000 to help meet payrolls for the next six months.

City officials think they can make the next payrolls from the general fund and other accounts.

Last week the Mobil Oil Co. threatened to withdraw credit because the city's bill of $16,002 was five months in arrears. The city paid $2,006 on the bill and credit was extended until Aug. 1. The city has been operating in the red since 1951.

Fighting Continues In North

Allies Find Cong Caches

SAIGON (AP) — Allied forces battled Viet Cong and North Vietnamese troops southwest and east of Saigon today and uncovered sizable weapons caches in other areas near South Vietnam's threatened capital.

In the northern provinces, another vulnerable sector, the Viet Cong kept up the pressure on outposts and provincial capitals with a second day of mortar attacks and light ground probes.

One Viet Cong company broke into a village 15 miles southeast of Da Nang and burned it to the ground, leaving all 1,400 inhabitants homeless, military spokesmen said. Casualties among the villagers and their militia defenders were not immediately known.

In the fighting 18 miles southwest of Saigon, enemy troops using a blindfolded South Vietnamese prisoner as a decoy tried to slip through American lines after losing 34 dead in an all-night fight. Ten Americans of the 9th Infantry Division were reported killed and nine wounded.

Bombers Hit Cong

American bombers had pounded the company of about 115 North Vietnamese and Viet Cong infiltrators, and some 1,500 rounds of American artillery were poured into an area about 800 yards in diameter during the night.

The enemy troops shoved a South Vietnamese prisoner in front of them in the darkness before dawn, trying to lure the Americans into firing on him while they slipped away in small groups. The plan backfired. A Claymore mine went off, scattering hundreds of sharpnel fragments. It knocked the blindfolded South Vietnamese down but killed three enemy soldiers behind him.

Rescued by the U.S. infantrymen, the South Vietnamese said he had been held captive two months. He said the enemy company was holding eight other South Vietnamese soldiers and using them to carry arms and ammunition. Their fate was not known.

Tear Gas Used

The U.S. troops also sprayed the enemy positions with tear gas, flushing out six of the enemy who were captured.

The enemy force was believed to be part of six to eight battalions that U.S. intelligence officers say are deployed in Long An Province, immediately south of Saigon.

The American casualties included two men killed aboard a helicopter shot down by enemy ground fire. Two other choppers were hit, but damage was reported minor.

Meanwhile, Australian and New Zealand soldiers were locked in heavy fighting wih one or two Viet Cong platoons holed up in bunkers about 25 miles east of Saigon.

The infantrymen from down under came under heavy rocket and machine-gun fire as they made repeated attacks on the enemy positions in thick scrub. The task force tried several times to penetrate the Viet Cong bunker complex but was pinned down each time by heavy fire and a thick thorn hedge.

The infantrymen pulled back a few hundred yards this afternoon while dive-bombers pounded the bunkers.

Losses Unknown

Casualties on either side were not immediately known.

South Vietnamese troops uncovered two weapons caches 15 and 20 miles northwest of Saigon. They included 34 rounds of Chinese 107mm rockets, 44 cases of mixed rifle and machine-gun ammunition and one 50-caliber antiaircraft machine gun.

Units of the U.S. 1st Infantry Division turned up another cache 29 miles north of Saigon. It contained 109 mortar rounds, 1,200 hand grenades, 15 bangalore torpedoes, 30 antitank mines and 7,500 pounds of rice.

In other ground action, U.S. infantrymen from the American Division, backed by gunships, killed 68 enemy in a day-long fight Tuesday 31 miles south of Da Nang. Five U.S. soldiers were wounded.

Sixteen miles south of Da Nang an estimated 200 enemy troops probed the western defenses of Hoi An, a provincial capital and lobbed mortar shells at the heart of the city. One civilian was reported killed and five wounded. A ground attack after the shelling wrecked three defensive blockhouses, each guarded by a squad of militiamen, but casualties among the militiamen were not reported.

Viet Cong gunners also fired military post 70 miles north of Saigon Tuesday night, killing two civilians and wounding two othes, South Vietnamese headquarters said.

Nine Killed As Train Hits Worker Bus

NEWTONVILLE, N.J. (AP) — A two-car passenger train plowed into a farm labor bus Tuesday night, killing nine of the migrants and injuring 20 others in this South Jersey community.

State police said the two self-propelled diesel cars of the Pennsylvania-Reading Seashore Lines, carrying some 100 passengers, tore the old school bus in two and threw the rear half 300 feet down the track. No one on the train was injured.

State police accounted for 39 bus passengers, but did not know exactly how many were aboard.

State police said the train was southbound from Philadelphia to Jersey shore points where it passed the crossing, which is marked with painted railroad warning signs but no lights. It was not known how fast the train was traveling.

The speed limit for trains in that section is 70 miles an hour, according to state police.

The farm bus was returning migrant workers from a dairy farm to Chester, Pa., according to Mayor John Krokos of Buena Vista Township.

State Trooper John Caruso said the bus driver, Love Clark, 33, of Wilmington, Del., had with him a Delaware driver's license which had expired in March 1968.

Illness Claims Candy Developer Glossinger At 99

DAYTON, Ohio (AP) — John Glossinger, Xenia native who developed the candybar O. Henry, died Tuesday night at Kettering Memorial Hospital.

Glossinger would have been 100 years old Aug. 10. He had spent most of his life in New York City until returning to Dayton recently.

Glossinger left Xenia when he was 19 after earning his $27 train fare to New York. There he quickly rose from a $5 office boy to executive positions in several firms.

He was president of Manhattan Briar Pipe Co. and an executive for a cocoa and chocolate house.

After helping Arthur Bulova start his watch company, Glossinger decided the country was ready for a good nickel candybar and helped develop the O. Henry.

At 65 he retired—for one year—then went back as an expert at restoring failing businesses.

Lisbon Youths Sentenced In Series Of Burglaries

LISBON — Six Lisbon youths, 15 to 17, involved in burglaries were sentenced Tuesday in Juvenile Court here.

They were among a dozen or more cited by Chief of Police Leon T. Zahrndt after questioning led to a series of offenses and vandalism. Other hearings will be held.

The offenses came to light through the father of one of the boys.

Just before sentencing, with parents lined around the small courtroom, Judge Louis Tobin commended the father and said this country needs more citizens like him.

Because of the father's action, the judge said he was going to suspend the boy's two weeks in detention, but the father objected. "Thank you, your honor, the boy will serve the time." The court suspended a $50 fine.

The youths were charged with burglaries at the Mattix Sohio Service Station at N. Market and Jerome Sts. and at Pine Tree Inn on Route 45 north of here — some with one offense, others with both.

One youth was sentenced to three weeks in detention, fined $50 and ordered to pay $50 damages, and lost the right to drive for six months.

A 15-year-old boy, the one whose $50 fine was suspended, also has to pay $50 damages.

Four others got one week in detention, a $25 fine and $50 damages, and suspension of driving privileges for three months.

All were placed on a 9 p.m. curfew and ordered to report regularly to Chief Zahrndt.

Union Given Strike Vote By Workers

PITTSBURGH (AP) — United Steelworkers union members have armed their negotiators with an overwhelming vote of confidence as they race against a strike deadline a week away.

Thousands of the rank and file, in meetings, by voice, and by ballot across the nation, told their bargainers they would walk out of the mills if no contract is signed by Aug. 1.

Although the negotiations are secret, no money is believed to be on the table for the big dollar items like wages, pensions, vacations and unemployment insurance.

"This will shake the money loose," said one union district director as he reported his men better than 90 per cent in favor of a strike.

The vote, taken Tuesday in 600 union halls across the country, was the first of its kind for the nation's third largest union.

Reports from 83 locals representing about 180,000 men showed that some 3,700, or just over 9 percent, were opposed. Figures from a dozen that took secret paper ballots showed 14 per cent opposed.

Each local was allowed to take the vote as it pleased. Most held meetings as the shifts changed and asked for a show of hands, yeas and nays, or standup vote.

Most meetings were attended by a third or less of the total membership but union rules allowed the vote to stand for the entire local.

Union leadership is under strong pressure to match the 6 per cent it won in the can and aluminum industries earlier this year, despite President Johnson's plea for wage restraint.

Steelworkers averaged $3.84 an hour in May, and the industry says fringe benefits added another $1.09. But the union has lost ground in recent years to other big industrial unions, especially the autoworkers, who also won a 6 per cent increase this year.

The steel industry says a 6 per cent increase each year over a three-year contract will wipe out two-thirds of its profits and put some companies out of business.

Algeria Holds 21 Israeli From Hijacking Plane

PARIS (AP) — The Algerian government still held a hijacked Israeli jetliner and 21 or 22 Israeli citizens today after releasing 23 non-Israeli passengers.

The El Al Boeing 707 was diverted to Algiers on a flight from Rome to Israel early Tuesday by three members of the Front for the Liberation of Palestine, an Arab sabotage organization. The front asked the Algerian government to hold the Israelis aboard the plane as hostage for Arab commandos held prisoner in Israel, but there was no public response from Algiers and no demand for a swap.

Twenty of the released passengers were flown to Paris. They included two Americans, Rina Uziel, 23, of Brooklyn, N.Y., and Gabriel Gaiz, 17, a student from Long Beach, Calif., who finally arrived in Tel Aviv today with four other passengers.

Three Jewish passengers who were not Israeli citizens were flown to Marseille.

Reports of the number of Israelis held in Algiers differed. El Al, the Israeli national airline, said 10 crew members and 12 passengers were detained. The Algerians said they were holding 11 passengers along with the 10 crew members.

The three hijackers also apparently were in Algiers.

The Israeli government asked U.N. Secretary General U Thant and the Italian government to intercede with the Algerians for release of the $6 million jetliner and the Israeli citizens. Italy sent an emissary to Algiers.

Algeria is still technically at war with Israel following the Arab-Israeli war in June 1967, and Israel has never had diplomatic relations with any of the Arab governments.

One of the passengers who was released, Leon Papu, a Colombian, said the plane's copilot staggered into the passenger compartment 20 minutes after the takeoff from Rome.

"He was bleeding profusely from a head wound and his shirt was covered in blood," said Papu. "We heard he had been hit over the head by a revolver. He told us the plane had been hijacked."

Chino Raccah, a 29-year-old Libyan, said one of the hijackers drew his finger through the blood of the injured man.

"He licked it," Raccah reported ,"and said in Hebrew: 'Jewish blood is very sweet.'" He added 'We shall throw all the Jews into the sea,' and then quickly said 'we want peace'."

Two "baldish men" covered the passengers with revolvers and hand grenades, the passengers said, and another was with the pilot.

The men told the passengers to keep quiet, hold their hands above their heads and they would not be harmed.

A Danish passenger said one of the hijackers took over the controls and brought the jetliner down in Algiers to a good landing.

Fighting Continues In North

Allies Find Cong Caches

SAIGON (AP) — Allied forces battled Viet Cong and North Vietnamese troops southwest and east of Saigon today and uncovered sizable weapons caches in other areas near South Vietnam's threatened capital.

In the northern provinces, another vulnerable sector, the Viet Cong kept up the pressure on outposts and provincial capitals with a second day of mortar attacks and light ground probes.

One Viet Cong company broke into a village 15 miles southeast of Da Nang and burned it to the ground, leaving all 1,400 inhabitants homeless, military spokesmen said. Casualties among the villagers and their militia defenders were not immediately known.

In the fighting 18 miles southwest of Saigon, enemy troops using a blindfolded South Vietnamese prisoner as a decoy tried to slip through American lines after losing 34 dead in an all-night fight. Ten Americans of the 9th Infantry Division were reported killed and nine wounded.

Bombers Hit Cong

American bombers had pounded the company of about 115 North Vietnamese and Viet Cong infiltrators, and some 1,500 rounds of American artillery were poured into an area about 800 yards in diameter during the night.

The enemy troops shoved a South Vietnamese prisoner in front of them in the darkness before dawn, trying to lure the Americans into firing on him while they slipped away in small groups. The plan backfired. A Claymore mine went off, scattering hundreds of sharpnel fragments. It knocked the blindfolded South Vietnamese down but killed three enemy soldiers behind him.

Rescued by the U.S. infantry men, the South Vietnamese said he had been held captive two months. He said the enemy company was holding eight other South Vietnamese soldiers and using them to carry arms and ammunition. Their fate was not known.

Tear Gas Used

The U.S. troops also sprayed the enemy positions with tear gas, flushing out six of the enemy who were captured.

The enemy force was believed to be part of six to eight battalions that U.S. intelligence officers say are deployed in Long An Province, immediately south of Saigon.

The American casualties included two men killed aboard a helicopter shot down by enemy ground fire. Two other choppers were hit, but damage was reported minor.

Meanwhile, Australian and New Zealand soldiers were locked in heavy fighting wih one or two Viet Cong platoons holed up in bunkers about 25 miles east of Saigon.

The infantrymen from down under came under heavy rocket and machine-gun fire as they made repeated attacks on the enemy positions in thick scrub. The task force tried several times to penetrate the Viet Cong bunker complex but was pinned down each time by heavy fire and a thick thorn hedge.

The infantrymen pulled back a few hundred yards this afternoon while dive-bombers pounded the bunkers.

Losses Unknown

Casualties on either side were not immediately known.

South Vietnamese troops uncovered two weapons caches 15 and 20 miles northwest of Saigon. They included 34 rounds of Chinese 107mm rockets, 44 cases of mixed rifle and machine-gun ammunition and one 50-caliber antiaircraft machine gun.

Units of the U.S. 1st Infantry Division turned up another cache 29 miles north of Saigon. It contained 109 mortar rounds, 1,200 hand grenades, 15 bangalore torpedoes, 30 antitank mines and 7,500 pounds of rice.

In other ground action, U.S. infantrymen from the American Division, backed by gunships, killed 68 enemy in a day-long fight Tuesday 31 miles south of Da Nang. Five U.S. soldiers were wounded.

Sixteen miles south of Da Nang an estimated 200 enemy troops probed the western defenses of Hoi An, a provincial capital and lobbed mortar shells at the heart of the city. One civilian was reported killed and five wounded. A ground attack after the shelling wrecked three defensive blockhouses, each guarded by a squad of militiamen, but casualties among the militiamen were not reported.

Viet Cong gunners also fired military post 70 miles north of Saigon Tuesday night, killing two civilians and wounding two othes, South Vietnamese headquarters said.

A Pittsburgh motorist was sentenced to 10 days in County Jail at Lisbon for operating a vehicle without a driver's license at a hearing this morning before Municipal Court Judge Samuel Chertoff.

A bench warrant was issued for the arrest of Clinton B. Alderman of 1110 St. Clair Ave. who failed to appear for a hearing on a charge of operating a motorcycle without protective headgear or protective glasses. He was cited by Patrolman Woods Saturday on Broadway.

Nine Killed As Train Hits Worker Bus

NEWTONVILLE, N.J. (AP) — A two-car passenger train plowed into a farm labor bus Tuesday night, killing nine of the migrants and injuring 20 others in this South Jersey community.

State police said the two self-propelled diesel cars of the Pennsylvania-Reading Seashore Lines, carrying some 100 passengers, tore the old school bus in two and threw the rear half 300 feet down the track. No one on the train was injured.

State police accounted for 39 bus passengers, but did not know exactly how many were aboard.

State police said the train was southbound from Philadelphia to Jersey shore points where it passed the crossing, which is marked with painted railroad warning signs but no lights. It was not known how fast the train was traveling.

The speed limit for trains in that section is 70 miles an hour, according to state police.

The farm bus was returning migrant workers from a dairy farm to Chester, Pa., according to Mayor John Krokos of Buena Vista Township.

State Trooper John Caruso said the bus driver, Love Clark, 33, of Wilmington, Del., had with him a Delaware driver's license which had expired in March 1968.

Illness Claims Candy Developer Glossinger At 99

DAYTON, Ohio (AP) — John Glossinger, Xenia native who developed the candybar O. Henry, died Tuesday night at Kettering Memorial Hospital.

Glossinger would have been 100 years old Aug. 10. He had spent most of his life in New York City until returning to Dayton recently.

Glossinger left Xenia when he was 19 after earning his $27 train fare to New York. There he quickly rose from a $5 office boy to executive positions in several firms.

He was president of Manhattan Briar Pipe Co. and an executive for a cocoa and chocolate house.

After helping Arthur Bulova start his watch company, Glossinger decided the country was ready for a good nickel candybar and helped develop the O. Henry.

At 65 he retired--for one year --then went back as an expert at restoring failing businesses.

Club Hears Johnson

LISBON — Nils Johnson of Canfield, former judge of the Seventh District Court of Appeals and a candidate for the office again, discussed "Justice Must Prevail" at the Rotary Club dinner meeting Tuesday in the Wick Hotel. Jack Hammitt, president, was in charge and Dave Edgerton introduced the speaker.

Lisbon Youths Sentenced In Series Of Burglaries

LISBON — Six Lisbon youths, 15 to 17, involved in burglaries were sentenced Tuesday in Juvenile Court here.

They were among a dozen or more cited by Chief of Police Leon T. Zahrndt after questioning led to a series of offenses and vandalism. Other hearings will be held.

The offenses came to light through the father of one of the boys.

Just before sentencing, with parents lined around the small courtroom, Judge Louis Tobin commended the father and said this country needs more citizens like him.

Because of the father's action, the judge said he was going to suspend the boy's two weeks in detention, but the father objected. "Thank you, your honor, the boy will serve the time." The court suspended a $50 fine.

The youths were charged with burglaries at the Mattix Sohio Service Station at N. Market and Jerome Sts. and at Pine Tree Inn on Route 45 north of here — some with one offense, others with both.

One youth was sentenced to three weeks in detention, fined $50 and ordered to pay $50 damages, and lost the right to drive for six months.

A 15-year-old boy, the one whose $50 fine was suspended, also has to pay $50 damages.

Four others got one week in detention, a $25 fine and $50 damages, and suspension of driving privileges for three months.

All were placed on a 9 p.m. curfew and ordered to report regularly to Chief Zahrndt.

Union Given Strike Vote By Workers

PITTSBURGH (AP) — United Steelworkers union members have armed their negotiators with an overwhelming vote of confidence as they race against a strike deadline a week away.

Thousands of the rank and file, in meetings, by voice, and by ballot across the nation, told their bargainers they would walk out of the mills if no contract is signed by Aug. 1.

Although the negotiations are secret, no money is believed to be on the table for the big dollar items like wages, pensions, vacations and unemployment insurance.

"This will shake the money loose," said one union district director as he reported his men better than 90 per cent in favor of a strike.

The vote, taken Tuesday in 600 union halls across the country, was the first of its kind for the nation's third largest union.

Reports from 83 locals representing about 180,000 men showed that some 3,700, or just over 9 percent, were opposed. Figures from a dozen that took secret paper ballots showed 14 per cent opposed.

Each local was allowed to take the vote as it pleased. Most held meetings as the shifts changed and asked for a show of hands, yeas and nays, or standup vote.

Most meetings were attended by a third or less of the total membership but union rules allowed the vote to stand for the entire local.

Union leadership is under strong pressure to match the 6 per cent it won in the can and aluminum industries earlier this year, despite President Johnson's plea for wage restraint.

Steelworkers averaged $3.84 an hour in May, and the industry says fringe benefits added another $1.09. But the union has lost ground in recent years to other big industrial unions, especially the autoworkers, who also won a 6 per cent increase this year.

The steel industry says a 6 per cent increase each year over a three-year contract will wipe out two-thirds of its profits and put some companies out of business.

Algeria Holds 21 Israeli From Hijacking Plane

PARIS (AP) — The Algerian government still held a hijacked Israeli jetliner and 21 or 22 Israeli citizens today after releasing 23 non-Israeli passengers.

The El Al Boeing 707 was diverted to Algiers on a flight from Rome to Israel early Tuesday by three members of the Front for the Liberation of Palestine, an Arab sabotage organization. The front asked the Algerian government to hold the Israelis aboard the plane as hostage for Arab commandos held prisoner in Israel, but there was no public response from Algiers and no demand for a swap.

Twenty of the released passengers were flown to Paris. They included two Americans, Rina Uziel, 23, of Brooklyn, N.Y., and Gabriel Gaiz, 17, a student from Long Beach, Calif., who finally arrived in Tel Aviv today with four other passengers.

Three Jewish passengers who were not Israeli citizens were flown to Marseille.

Reports of the number of Israelis held in Algiers differed. El Al, the Israeli national airline, said 10 crew members and 12 passengers were detained. The Algerians said they were holding 11 passengers along with the 10 crew members.

The three hijackers also apparently were in Algiers.

The Israeli government asked U.N. Secretary General U Thant and the Italian government to intercede with the Algerians for release of the $6 million jetliner and the Israeli citizens. Italy sent an emissary to Algiers.

Algeria is still technically at war with Israel following the Arab-Israeli war in June 1967, and Israel has never had diplomatic relations with any of the Arab governments.

One of the passengers who was released, Leon Papu, a Colombian, said the plane's copilot staggered into the passenger compartment 20 minutes after the takeoff from Rome.

"He was bleeding profusely from a head wound and his shirt was covered in blood," said Papu. "We heard he had been hit over the head by a revolver. He told us the plane had been hijacked."

Chino Raccah, a 29-year-old Libyan, said one of the hijackers drew his finger through the blood of the injured man.

"He licked it," Raccah reported ,"and said in Hebrew: 'Jewish blood is very sweet.'" He added 'We shall throw all the Jews into the sea,' and then quickly said 'we want peace'."

Two "baldish men" covered the passengers with revolvers and hand grenades, the passengers said, and another was with the pilot.

The men told the passengers to keep quiet, hold their hands above their heads and they would not be harmed.

A Danish passenger said one of the hijackers took over the controls and brought the jetliner down in Algiers to a good landing.

Foreign Aid Bill Suffers New Setback

WASHINGTON (AP) — President Johnson's foreign aid program, a continuing target of an economy-minded Congress, has suffered another setback.

The Senate Foreign Relations Committee Tuesday refused to restore the nearly $1 billion cut by the House last week from the President's original $2.9 billion request. In fact, the committee trimmed another $22.9 million on its own.

Observers said by the time the overseas proposals get through being worked over in today's committee hearings, future debate on the Senate floor, and certain reduction in separate appropriations bills the program might barely total half of what was asked.

The foreign assistance program has been in increasing difficulties since a year ago when Congress first demanded multi-billion-dollar spending cuts in return for passage of the President's 10 per cent income tax surcharge.

Rep. George Mahon, D-Tex., chairman of the House Appropriations Committee, has predicted the money bill may be $400 million under the authorization an ultimate appropriation of less than $1.6 billion.

The authorization measure sets policy and money ceilings. The appropriations bill fixes the amount that may actually be spent.

A combination of factors has sent the aid program to its lowest level in its 21-year history.

It has its longtime critics who have termed it a giveaway that made no friends for this country.

They have been joined in recent years by former supporters who now oppose the program to register opposition to the Vietnam war and its costs. The bill contains substantial amounts for the civilian economy of Vietnam, but the major war costs are in the Defense Department budget.

Serviceman Killed

URBANA, Ill. (AP) — Tech. Sgt. Ralph W. Kinnison, 42, of Sabina, Ohio, who was stationed at nearby Chanute Air Force Base, was killed Tuesday in a two-car crash on U.S. 45 north of here.

Gas Clouds Cover West Virginia City

SOUTH CHARLESTON, W.Va. (AP) — A great gray cloud hung over this chemical-making center today as thousands cautiously returned to the homes they evacuated because of a deadly chlorine gas leak.

A series of small explosions Tuesday, ripped through the big FMC plant, rupturing a tank filled with the chlorine gas and sending a cloud of gas fumes over a 12-block area in the city of 20,000. Unofficial estimates of the number of evacuees ranged from 500 to 5,000.

Police sealed off the city from Charleston, the state capital across the Kanawha River. Residents sought higher ground to escape the fumes which produced smarting eyes, coughing and vomiting. Dozens were treated at Thomas Memorial Hospital, with some requiring oxygen tents, but none was considered serious.

Fire swept through a complex of buildings at the chemical plant, located on U.S. 60, which cuts through the heart of the city that calls itself "the chemical center of the world." Union Carbide and other chemical producers have installations here and employ thousands.

Capt. J. D. Baisden of the state police detachment in South Charleston said after midnight that "everything is under control now but the fire is still going strong and may burn for 24 hours."

FMC officials said the source of the chlorine leak had been located and sealed but warned that people should not return to their homes until the all clear sounded.

Atmospheric conditions in the Kanawha River Valley added to the problem. There was little or no wind to disperse the cloud and FMC officials said that the gas hovers close to the ground.

Akron Relaxes Curfew, Violence Cases Declining

AKRON, Ohio (AP) — Akron city officials relaxed enforcement of a curfew in the predominantly Negro Wooster Avenue area Tuesday night, and disturbances were fewer than on any night since violence erupted a week ago.

Mayor John S. Ballard said the trouble was beginning to taper off. There were few arrests, no fires and no injuries reported Tuesday night.

The mayor had set a curfew to start at 10 p. m., an hour later than Monday, but no attempt was made to enforce it on Wooster Avenue. National guard troops were withdrawn and police forces were reduced sharply. Negro leaders were encouraged to move among the residents.

Earlier Tuesday, Ballard announced withdrawal of 350 members of a company of the 145th Infantry based at Wooster. Some 700 guardsmen remained available.

Spokesmen for the Poor People's Campaign and the United Black Front issued statements Tuesday attacking the curfew as discriminatory, alleging it was enforced strictly only in black neighborhoods.

Foreign Aid Bill Suffers New Setback

WASHINGTON (AP) — President Johnson's foreign aid program, a continuing target of an economy-minded Congress, has suffered another setback.

The Senate Foreign Relations Committee Tuesday refused to restore the nearly $1 billion cut by the House last week from the President's original $2.9 billion request. In fact, the committee trimmed another $22.9 million on its own.

Observers said by the time the overseas proposals get through being worked over in today's committee hearings, future debate on the Senate floor, and certain reduction in separate appropriations bills the program might barely total half of what was asked.

The foreign assistance program has been in increasing difficulties since a year ago when Congress first demanded multi-billion-dollar spending cuts in return for passage of the President's 10 per cent income tax surcharge.

Rep. George Mahon, D-Tex., chairman of the House Appropriations Committee, has predicted the money bill may be $400 million under the authorization an ultimate appropriation of less than $1.6 billion.

The authorization measure sets policy and money ceilings. The appropriations bill fixes the amount that may actually be spent.

A combination of factors has sent the aid program to its lowest level in its 21-year history.

It has its longtime critics who have termed it a giveaway that made no friends for this country.

They have been joined in recent years by former supporters who now oppose the program to register opposition to the Vietnam war and its costs. The bill contains substantial amounts for the civilian economy of Vietnam, but the major war costs are in the Defense Department budget.

Serviceman Killed

URBANA, Ill. (AP) — Tech. Sgt. Ralph W. Kinnison, 42, of Sabina, Ohio, who was stationed at nearby Chanute Air Force Base, was killed Tuesday in a two-car crash on U.S. 45 north of here.

Gas Clouds Cover West Virginia City

SOUTH CHARLESTON, W.Va. (AP) — A great gray cloud hung over this chemical-making center today as thousands cautiously returned to the homes they evacuated because of a deadly chlorine gas leak.

A series of small explosions Tuesday, ripped through the big FMC plant, rupturing a tank filled with the chlorine gas and sending a cloud of gas fumes over a 12-block area in the city of 20,000. Unofficial estimates of the number of evacuees ranged from 500 to 5,000.

Police sealed off the city from Charleston, the state capital across the Kanawha River. Residents sought higher ground to escape the fumes which produced smarting eyes, coughing and vomiting. Dozens were treated at Thomas Memorial Hospital, with some requiring oxygen tents, but none was considered serious.

Fire swept through a complex of buildings at the chemical plant, located on U.S. 60, which cuts through the heart of the city that calls itself "the chemical center of the world." Union Carbide and other chemical producers have installations here and employ thousands.

Capt. J. D. Baisden of the state police detachment in South Charleston said after midnight that "everything is under control now but the fire is still going strong and may burn for 24 hours."

FMC officials said the source of the chlorine leak had been located and sealed but warned that people should not return to their homes until the all clear sounded.

Atmospheric conditions in the Kanawha River Valley added to the problem. There was little or no wind to disperse the cloud and FMC officials said that the gas hovers close to the ground.

EL PASO, Tex. (AP) — Two teen-age bandits robbed a bakery Tuesday of $75 and a bag of doughnuts.

Akron Relaxes Curfew, Violence Cases Declining

AKRON, Ohio (AP) — Akron city officials relaxed enforcement of a curfew in the predominantly Negro Wooster Avenue area Tuesday night, and disturbances were fewer than on any night since violence erupted a week ago.

Mayor John S. Ballard said the trouble was beginning to taper off. There were few arrests, no fires and no injuries reported Tuesday night.

The mayor had set a curfew to start at 10 p. m., an hour later than Monday, but no attempt was made to enforce it on Wooster Avenue. National guard troops were withdrawn and police forces were reduced sharply. Negro leaders were encouraged to move among the residents.

Earlier Tuesday, Ballard announced withdrawal of 350 members of a company of the 145th Infantry based at Wooster. Some 700 guardsmen remained available.

Spokesmen for the Poor People's Campaign and the United Black Front issued statements Tuesday attacking the curfew as discriminatory, alleging it was enforced strictly only in black neighborhoods.

FRANK TALK ABOUT "FRANKS"

Call them Wieners or Hot Dogs if you like...
but whatever you call them, there is
something you should know about Frankfurters.
ALL FRANKFURTERS ARE *NOT* ALIKE.
Check the ingredients statement on the package...
you'll see what we mean.

The best are All Meat or All Beef
like A&P's Super-Right Frankfurters.
The best never contain cereal or dry skim milk extenders.
When you're buying Franks, check the package.
If it doesn't say "All Meat" or "All Beef,"
chances are they contain extenders or fillers.

If you're planning a picnic, a cookout or a quick meal...
if you don't want to gamble on quality,
think of Super-Right All Meat or All Beef Frankfurters.
Frankly speaking, they're your best value.

While you're at it, think about these natural go-togethers:
Jane Parker Sliced Frankfurter Rolls,
Ann Page Beans and Ann Page Mustard.
Frankly speaking, they're your best values, too!

Driver 'Poor' With Injuries

A 65-year-old Salem area man is in "poor" condition today at Alliance City Hospital with injuries suffered Tuesday afternoon when his auto struck a tree on Route 62, 3.4 miles west of Salem.

Armen W. Stryffeler of Salem RD 1 was admitted to the hospital with possible internal injuries received at 2:25 when his westbound 1968 coach went off the right side of the highway and struck a tree.

The auto was demolished.

The Ohio Highway Patrol at Lisbon is continuing its investigation.

Mrs. Donna F. Joy of Township Line Rd., Wellsville, and her 5-year-old son, Curtis Joy, were treated Tuesday night at City Hospital for injuries received when her 1957 sedan was struck by another auto on Route 41, 3.9 miles north of Wellsville.

The accident, timed at 8:30, occurred when a 1961 sedan operated by John E. Porter of 2119 Chester Ave., Wellsville, failed to negotiate a curve, went left of center and struck the southbound Joy auto. Porter, 24, was northbound.

Mrs. Joy, 28, was treated at the hospital for abrasions of the left elbow. Her son received an abrasion of the forehead.

Porter was cited for driving left of center.

A 17-year-old city youth escaped injury when his 1966 convertible ran off the side of the road and struck trees on Campbell Rd., two miles west of Route 7 Tuesday night.

Daniel Shroades of John St. was attempting a left turn from Township Road 963 onto Campbell Rd. when the accident occurred about 11:30.

Slight damage resulted to the auto. No citation was issued.

Another city resident was involved in an accident Tuesday afternoon on Route 7, a mile east of Wellsville.

Kenneth A. Carr, 16, of 917 St. George St., was operating a 1968 pickup truck when it struck a large rock which had rolled onto the highway.

No injuries resulted. The vehicle received slight damage.

Police Seize Armed Man On Airplane

SYRACUSE, N.Y. (AP) — A 27-year-old federal program worker is free in his own recognizance after his arrest for boading a Mohawk Airlines plane armed with three guns, two knives, ammunition and two cap pistols.

Hans Klint of Syracuse, who was to begin lecturing next week at an Upward Bound program at Utica College, was arrested by the FBI Tuesday as he boarded a Boston-bound airliner at Hancock Field.

The FBI said Klint carried a case containing a double-barreled shotgun, a .30-caliber rifle with a scope, a gas pellet gun, two knives, the ammunition and the pistols.

The arrests came, a bureau spokesman said, after agents received an anonymous phone call saying that a plane was to be hijacked.

Klint was freed pending a hearing by U.S. Commissioner Edward M. Conan. He was charged with carrying dangerous and deadly weapons aboard a plane, a felony.

A spokesman at Utica College said Klint had been a program coordinator in the federal-funded program last summer and was to have lectured there this year.

Contractor Approved On Route 271 Project

COLUMBUS, Ohio (AP)—The federal government approved Tuesday a $5,095,339 contract which the Ohio Department of Highways awarded Feb. 21 for improvements on Interstate 271 in Summit County.

The Bureau of Public Roads had held up the contract because the Carl M. Geupel Construction Co., Inc., Worthington, had not represented manning tables of minority groups at pre-awarded conferences.

John Geupel said Tuesday that about 60 of the 250 men working on the 4.1 mile section will be from minority groups.

Watson Says Mail Cutback Could Ease

WASHINGTON (AP) — Postmaster Gen. W. Marvin Watson said today action by two congressional committees has encouraged him to believe mail service will not have to be curtailed.

But Watson indicated Congress will have to do still more before the Post Office Department rescinds its announced cutbacks in service, the first of which takes effect Saturday.

"The support of these two committees—composed of men most knowledgeable on this complex subject—was to me further evidence of the credibility of our crisis," Watson said.

"It remains now for the Congress to make its decision," he added. "But I believe there is now some light being cast into what is a somber situation.

Watson's comments were in a speech prepared for 2,000 delegates to the National Postal Forum.

Watson repeated arguments he made before congressional committees in the past two weeks seeking an exemption for the department from manpower cutbacks dictated by President Johnson's 10 per cent income surtax bill.

The beginning of postal cutbacks that Watson has said could lead to closing of 12,000 small branches and eventual four-day delivery in residential areas, comes this Saturday when window service will be cut to a maximum of two hours and street-box pickups will be made on Sunday schedules.

Exemptions for the Post Office Department have been approved by committees in the House and Senate with the most recent action Tuesday.

Driver 'Poor' With Injuries

A 65-year-old Salem area man is in "poor" condition today at Alliance City Hospital with injuries suffered Tuesday afternoon when his auto struck a tree on Route 62, 3.4 miles west of Salem.

Armen W. Stryffeler of Salem RD 1 was admitted to the hospital with possible internal injuries received at 2:25 when his westbound 1968 coach went off the right side of the highway and struck a tree.

The auto was demolished.

The Ohio Highway Patrol at Lisbon is continuing its investigation.

Mrs. Donna F. Joy of Township Line Rd., Wellsville, and her 5-year-old son, Curtis Joy, were treated Tuesday night at City Hospital for injuries received when her 1957 sedan was struck by another auto on Route 41, 3.9 miles north of Wellsville.

The accident, timed at 8:30, occurred when a 1961 sedan operated by John E. Porter of 2119 Chester Ave., Wellsville, failed to negotiate a curve, went left of center and struck the southbound Joy auto. Porter, 24, was northbound.

Mrs. Joy, 28, was treated at the hospital for abrasions of the left elbow. Her son received an abrasion of the forehead.

Porter was cited for driving left of center.

A 17-year-old city youth escaped injury when his 1966 convertible ran off the side of the road and struck trees on Campbell Rd., two miles west of Route 7 Tuesday night.

Daniel Shroades of John St. was attempting a left turn from Township Road 963 onto Campbell Rd. when the accident occurred about 11:30.

Slight damage resulted to the auto. No citation was issued.

Another city resident was involved in an accident Tuesday afternoon on Route 7, a mile east of Wellsville.

Kenneth A. Carr, 16, of 917 St. George St., was operating a 1968 pickup truck when it struck a large rock which had rolled onto the highway.

No injuries resulted. The vehicle received slight damage.

Police Seize Armed Man On Airplane

SYRACUSE, N.Y. (AP) — A 27-year-old federal program worker is free in his own recognizance after his arrest for boading a Mohawk Airlines plane armed with three guns, two knives, ammunition and two cap pistols.

Hans Klint of Syracuse, who was to begin lecturing next week at an Upward Bound program at Utica College, was arrested by the FBI Tuesday as he boarded a Boston-bound airliner at Hancock Field.

The FBI said Klint carried a case containing a double-barreled shotgun, a .30-caliber rifle with a scope, a gas pellet gun, two knives, the ammunition and the pistols.

The arrests came, a bureau spokesman said, after agents received an anonymous phone call saying that a plane was to be hijacked.

Klint was freed pending a hearing by U.S. Commissioner Edward M. Conan. He was charged with carrying dangerous and deadly weapons aboard a plane, a felony.

A spokesman at Utica College said Klint had been a program coordinator in the federal-funded program last summer and was to have lectured there this year.

Contractor Approved On Route 271 Project

COLUMBUS, Ohio (AP)—The federal government approved Tuesday a $5,095,339 contract which the Ohio Department of Highways awarded Feb. 21 for improvements on Interstate 271 in Summit County.

The Bureau of Public Roads had held up the contract because the Carl M. Geupel Construction Co., Inc., Worthington, had not represented manning tables of minority groups at pre-awarded conferences.

John Geupel said Tuesday that about 60 of the 250 men working on the 4.1 mile section will be from minority groups.

Watson Says Mail Cutback Could Ease

WASHINGTON (AP) — Postmaster Gen. W. Marvin Watson said today action by two congressional committees has encouraged him to believe mail service will not have to be curtailed.

But Watson indicated Congress will have to do still more before the Post Office Department rescinds its announced cutbacks in service, the first of which takes effect Saturday.

"The support of these two committees—composed of men most knowledgeable on this complex subject—was to me further evidence of the credibility of our crisis," Watson said.

"It remains now for the Congress to make its decision," he added. "But I believe there is now some light being cast into what is a somber situation.

Watson's comments were in a speech prepared for 2,000 delegates to the National Postal Forum.

Watson repeated arguments he made before congressional committees in the past two weeks seeking an exemption for the department from manpower cutbacks dictated by President Johnson's 10 per cent income surtax bill.

The beginning of postal cutbacks that Watson has said could lead to closing of 12,000 small branches and eventual four-day delivery in residential areas, comes this Saturday when window service will be cut to a maximum of two hours and street-box pickups will be made on Sunday schedules.

Exemptions for the Post Office Department have been approved by committees in the House and Senate with the most recent action Tuesday.

A Junior Editors Quiz About SHIP MODELS

QUESTION: *How did seamen put ship models into small necked bottles?*

* * *

ANSWER: It looks impossible to put a ship model, with all its masts upright, into a bottle through the narrow neck. Many people conclude that a hole was cut in the bottle, the ship slid in and the glass plug put back. This was sometimes done, but the genuine old salt had another trick up his sleeve. First, the little ship was made outside the bottle. Each mast was hinged at the bottom to the hull. A single thread, if pulled on, would raise them all upright (1). Next, the old seaman would put a putty sea inside the bottle, using specially made tools. This was quite difficult. Then the ship's masts were folded down on the hull (2) so it could be slipped inside the bottle (3). The ship was pushed in until it was in its right place. Then the putty was allowed to dry, holding the ship's hull firmly. The long thread had been left leading out of the bottle. When this was pulled, the masts would all spring up. Holding the thread taut, a bit of glue was touched to where it joined the ship. Hot wire burned off the excess thread.
